## REPORT

**Title of the seminar:** Recent advances in Pharmacological screening

**Date:** 29-08-2023

**Speaker:** Dr. Praveen T. Krishnamurthy  
Professor & Head  
Department of Pharmacology  
JSS College of Pharmacy Ooty

**Description about the programme:** On 29th August 2023, Aditya Pharmacy College (A) organized a seminar on "Recent Advances in Pharmacological Screening" to update faculty, students, and researchers on innovative trends in pharmacological research. The session was delivered by Dr. Praveen T. Krishnamurthy, Professor & Head, Department of Pharmacology, JSS College of Pharmacy, Ooty. Dr. Praveen discussed state-of-the-art methodologies in pharmacological screening, focusing on preclinical and clinical models for evaluating drug safety and efficacy. He elaborated on advanced techniques such as in vitro, in vivo, and ex vivo approaches, along with emerging tools like high-throughput screening, organ-on-chip models, and AI-assisted drug discovery technologies. The seminar provided valuable insights into the practical applications and challenges of modern screening techniques, including ethical considerations and regulatory compliance. A lively Q&A session followed, where Dr. Praveen addressed queries about innovations in screening and career opportunities in pharmacology. The session was highly informative, inspiring attendees to explore novel avenues in pharmacological research.

**Feedback:** The participants felt that the seminar is very informative and expressed their gratitude to the management and staff members of Aditya Pharmacy College

## REPORT

**Title of the seminar:** Scientific communication in academic research

**Date:** 18-03-2024

**Speaker:** Dr. K.V.V.S. Narayana reddy, Assistant Professor. JSS College of Pharmacy Ooty

**Description about the programme:** On 18th March 2024, Aditya Pharmacy College (A) organized a seminar on "Scientific Communication in Academic Research" to enhance the research communication skills of faculty, students, and budding researchers. The session was delivered by Dr. K.V.V.S. Narayana Reddy, Assistant Professor, JSS College of Pharmacy, Ooty. Dr. Narayana Reddy highlighted the critical role of effective communication in academic research, emphasizing the importance of structuring manuscripts, writing impactful abstracts, and adhering to journal guidelines. He provided valuable insights into crafting research proposals, presenting data effectively, and addressing reviewers' comments during the publication process.

The seminar also covered modern tools for enhancing scientific writing, the ethics of publication, and strategies to avoid plagiarism. An interactive Q&A session allowed participants to seek guidance on specific challenges in writing and publishing academic work. The session proved to be highly beneficial, equipping attendees with essential skills for presenting their research to the global scientific community effectively.

**Feedback:** The participants felt that the seminar is very informative and expressed their gratitude to the management and staff members of Aditya Pharmacy College for organising.
