### A Report: An Expert talk on Exploration Prospects and opportunities for Petroleum Engineers

Event Name: **Expert talk on Exploration Prospects and opportunities for Petroleum Engineers**

#### Introduction to Event:

Petroleum Engineering (B.Tech) is among the most popular graduation courses that students take after completing their school. They have diversified career paths to follow for following, but taking a exploration path will be challenging working in teams. They work with drilling engineers, reservoir engineers, production engineers, completion engineer. The knowledge of geology of geosciences is very important to understand the behaviour of the wells, reservoir of hydrocarbon. After completing engineering there are many opportunities and geology is one path requires the knowledge of the subsurface. A knowledge of geology is must for Petroleum Engineers irrespective of their working location. There are plenty to start and learn, geology is the one of the starting of them.
