### Employer Feedback on Curriculum

Employer Feedback Analysis (2019- 2020) for the B. Tech (Mining Engineering) Program.

S. NO	Question related to Curriculum	Opinion of the Employer with Percentage					Majority opinion	% of Majority Opinion
		Excellent (%)	Good (%)	Average (%)	Below Average (%)	Poor (%)		
1	Curriculum is contemporary and need based	28	46	14	8	4	Excellent & good	74%
2	There is adequate emphasis on employability skills/ skill development/entrepreneurship in the curriculum	22	54	14	7	3	Excellent & good	76%
3	The electives offered in the curriculum suits the industry needs and technological advancements.	18	52	18	10	2	Excellent & good	70%

### Graphical representation of Employer feedback analysis

#### 1. Curriculum is contemporary and need based

2. There is adequate emphasis on employability skills/ skill development /entrepreneurship in the curriculum

3. The electives offered in the curriculum suits the industry needs and technological advancements.

**Suggest any courses to be added to /removed from the curriculum**

1. Geo-statistics.
2. Remote Sensing and GIS
3. Mine Systems Engineering

**Suggest the skills to be acquired by our students to meet the industry requirements**

1. Skills in geo graphic mapping
2. Practical skills about new technology
3. Output managing skills

**Any other suggestions on Curriculum**

1. Add courses that help in learning about remote sensing
2. Suggested to add some Modern mining techniques.
3. Suggested to add some courses related to modern developments in mining.

**The following are observations on Employer feedback and action need to be initiated:**

1. The mining industry is moving towards sustainability, closure and restoration of the mining areas so students should be aware of these things.
2. The mining student should have knowledge about geo graphic mapping and remote sensing which plays an important role in detecting different types of ores.
3. The Mining students should have proper knowledge of modern surface mining techniques and advance methods used in it.

2. There is adequate emphasis on employability skills/ skill development /entrepreneurship in the curriculum

3. The electives offered in the curriculum suits the industry needs and technological advancements.

**Suggest any courses to be added to /removed from the curriculum**

1. College needs to provide more industrial visits for students
2. Advanced Underground Metal Mining Technology
3. Mine Management

**Suggest any new topics/technologies/tools/modules to be learned by students to make them industry- ready**

1. Man management skills.
2. Modern technology in mines
3. Communication skills

**Give any other suggestions for improving the Curriculum**

1. Need to add some more concepts in mine gases.
2. Mine environmental aspects in underground mines
3. More industrial visits required

**The following are observations on Alumni feedback and action need to be initiated:**

1. Students should be responsible for handling of the man power in the mines. So, they should develop managerial skills in them.
2. Students should be aware of different environmental aspect of mining in the mining.
3. Students should have real knowledge of mining field so time to time industry visit should be included in the curriculum.

**Give suggestions for improving the Curriculum**

1. Curriculum is good, project internships and case studies may add value to the B.Tech program.
2. Importance should be given to the topics that are application oriented.
3. I suggest to add some more recent advancements in the mining industry.
4. The number of credits per semester was reduced because of which many of the core subjects were compressed.

**The following are observations on Faculty feedback and action need to be initiated:**

1. The syllabus needs few rectifications as the few subjects are not including the automation and new needs of the mining world.
2. Students should be aware of new sampling and geostatistical approach for collection of sample in the mining field.
3. Students should be more exposed to the real time problems of the mining industry.

**Give your suggestions for improving the curriculum**

1. More industrial tours required.
2. More practicals required to understand the concepts.
3. Labs needed to improve English proficiency.

**The following are observations on Student feedback and action need to be initiated:**

1. Students should be allowed for internship and industrial visit
2. Sports culture should be developed in the college and proper timing should be given to it.
3. Students should be aware of modern design prospects of a mine.
