### Graphical representation of Alumni feedback analysis

#### 1. Curriculum is contemporary and need based

2. There is adequate emphasis on employability skills/ skill development/entrepreneurship in the curriculum

3. The electives offered in the curriculum suits the industry needs and technological advancements.

**Suggest any courses to be added to /removed from the curriculum**

1. Unconventional is current technology
2. advanced topics more
3. Job oriented courses.

**Suggest any new topics/technologies/tools/modules to be learned by students to make them industry- ready**

1. Insight solving real problems for industry ready.
2. Technology updatment for industry ready
3. New program for industry skill updatment

**Give any other suggestions for improving the Curriculum**

1. Reduce courses in semester
2. Labs should be more in every semester
3. Make advanced technology a constant in courses offered

**The following are observations on Alumni feedback and action need to be initiated:**

1. Due to the tremendous growth in the IT industry it is better to get known to programming related subjects.
