Aditya Engineering College

To
The Principal,
Aditya Engineering College
Surampalem

Sir,

Sub: Request for approval of conducting Value Added Course - reg.

To update the technical skills of the students to meet the industry requirements, CSE Department would like to conduct a value added course "R Programming and its Applications" for the B.Tech - IV semester students from 18-06-2018 to 22-06-2018.

Hence, I request you to grant approval to conduct the above course as per the schedule mentioned.

Thanking you,

Yours sincerely,

Head of the Department

COURSE CONTENT

The following topics will be covered

Topic	Hours
R has a steep learning curve. It's a language best suited for people who have previous programming experience. History	7
Basics of R programming language	7
R is a universal programming language compatible with the Windows, Macintosh, UNIX, and Linux platforms.	7
R programming functions and syntax	7
R has a steep learning curve. It's a language best suited for people who have previous programming experience.	7
Total hours	35

COURSE OUTCOMES

At the end of the course student will be able to

- Know different image attributes to run R programming
- Demonstrate host of packages that help data analysts turn unstructured, messy data into a structured format.
- Apply machine learning operations such as regression and classification.

Report title: R Programming and its Applications

Event name	R Programming and its Applications		
Introduction to Event	introduction to the main tools and ideas in the data scientist's toolbox. The course gives an overview of the data, questions, and tools that data analysts and data scientists work with. There are two components to this course. The first is a conceptual introduction to the ideas behind turning data into actionable knowledge. The second is a practical introduction to the tools that will be used in the program like version control, markdown, git, GitHub, R, and RStudio.
