Sub: Request to grant permission for organizing a Value Added Course for Surpac and its use in Mining Industry.

Respected Sir,

Software tools are playing a major role in the field of mining. Surpac software is used for the purpose of reserve estimation and helps to know the total reserve in that particular lease area so having a knowledge in this subject enhance the technical abilities of students pursuing B.Tech VII and VI Semesters, the Department of Mining Engineering is proposing to organize a Value Added Course entitled "Surpac and its use in Mining Industry", during 8th February to 12th February' 2021. Due to the prevailing pandemic situations the course will be organized **online** (Virtual mode).

Hence, I request you to grant permission to organize the program with the necessary arrangements.

Thanking you,

Permitted

It uses different sensors like water level sensor, infrared sensor, temperature sensor and light sensor for security purpose. This system monitors four parameters at a time and controls them. All information gathered by the sensors are sent via wireless (using ASK technique) to control room for observation.
