Awareness in Adopted Villages on Covid-19 Vaccination

Agenda: Creating awareness on corona vaccination

Date: 16/03/2022

Venue: Aditya Engineering College(A) & Adopted Villages (P.
Nayakampalli, Yerrampalem, Surampalem, Kondapalli, and Singampalli)

No. of Participants: 99

Programme officers: Mr. P. Shiva kumar, Sr. Asst. Prof. Dept. of CE
Mr. J. Raja sekhar, Sr. Asst. Prof., Dept. of ME

About The Activity:

The NSS team of Aditya Engineering College (A), Surampalem conducted the awareness on corona vaccination in the adopted villages on 16/03/2022. In this activity, the NSS volunteers created awareness on corona vaccination and the use of vaccination. Volunteers explained the importance of vaccine that it will boost the immune system to create antibodies when it is exposed to a disease. Volunteers also created the awareness that the vaccination is a simple, safe, and effective way of protecting people against harmful diseases. It uses your body's natural defences to build resistance to specific infections and makes your immune system stronger. However, vaccines contain only killed or weaken forms of germs like viruses or bacteria, they do not cause the disease or put you at risk of its complications. Villagers were happy that they got awareness regarding Covid-19.

Outcomes:

- Students came to know the importance of covid vaccination.
- Students created awareness in the adopted village and their areas.
- In this activity, around 270 villagers were got awareness on prevention of Covid-19.
