To fill the joy among the orphans, student volunteers distributed Bookshelves, Groceries and Stationery that are required. This orphanage has around 40 girls aged from 04 years to 15 years. Student volunteers of Youth Red Cross unit interacted with everybody.

The Volunteers reached the venue at around 9:00 AM. The kind of welcome we received from the children of orphanage was heart touching. After that student Volunteers engaged the children with various games and fun activities that are planned beforehand. Another group of volunteers gave them tuition lessons. All the children felt happy and excited. The team has spent about 3 hours with the children. The event ended with lots of hugs, goodbyes and a picture of memories. Even though the children had lost their parents, they remain positive as many volunteers showed them with sufficient love and care to make them think that this world is worth living in.

- Students promoted the importance of health and life to orphanage children.
- Motivated all the children with some motivational stories.
