Subject: Internship based program with International Certification

Dear sir,

Greeting of the Day !!

It has been a constant endeavor of APSSDC under the vision of Honorable Chief Minister we are initiating Advanced Certification on emerging technologies program, which brought opportunity industry training and International Internship Certification Programs for AP students.

Now we are extending our arena in cooperation with our esteemed German-India partners IndoEuroSync and IES academy along with a few other esteemed German university and industry partners. We are here to share the online industrial training and internship activity for CSE/IT,Mech Students.

As we are developing relevant programs from time to time by keeping in mind the increasing importance of Training and Development, we are pleased to announce this blended Training/Certificate Programmes with project linkage. These courses are developed by leading experts and will be delivered in a Live and e-learning format.

Please look into the attachment for more details about the program and its internal partners for course delivery and certification. In order to consider your college to invite your students for this program, reply back to this email with interest in participating and the "nomination process" by end of this week. Also, nominate SPOC from your faculty for this particular program for further communication about the timelines and detailed course structure.

For more information, please contact Chanakya K, AM-ADC, IES Academy
