### Report on

### One day programme on "Career in Transportation Engineering"

**Name of the Event:** Career in Transportation engineering.

#### **Introduction to Event:**

The Department of Civil Engineering at Aditya Engineering College (A), conducted a career-counselling programme to explore employment opportunities and potential growth in various civil engineering fields. Transportation engineering is the application of modern technology and scientific principles to the design, development and maintenance of transportation systems. This is a branch of civil engineering. The field of transportation engineering applies the latest developments in transportation and utilizes them to generate the most efficient and effective systems possible for various locales. The engineers have the responsibility of planning, designing, constructing, operating and maintaining transportation systems. Walking the line between town planning, civil engineering, working in the field of transport engineering makes for a lucrative career. With the need for new engineers increasing all the time and hundreds of new projects on the horizon, also a sector needs fresh talent to help build the future. Transport engineering is a dynamic and exciting field to work in, whatever one's interests are. Whether the aspirants enjoy problem-solving or directing operations from the ground as an engineering contractor, there are plenty of career paths for them to pursue.

**Event Date:** 01-02-2019.

**Co-ordinator:** Dr S Govindarajan, Professor, Department of CE.

**No of Participants:** 234

#### **Expert with Designation:**

Dr. Chava Srinivas, Professor, Velagapudi Ramakrishna Siddhartha Engineering College, Kanuru, Vijayawada.

### An awareness programme on

### "Job opportunities through Auto CAD Certification"

**Name of the Event:** Job opportunities after Auto CAD certification.

#### **Introduction to Event:**

The Department of Civil Engineering at Aditya Engineering College (A), conducted a career-counselling programme to explore employment opportunities and potential growth in various civil engineering fields. AutoCAD is an industry-recognised software used generally by engineers to plan, draw, and edit 2D and 3D designs effectively. It eliminates the limitations of drawing with the hands, keeping the physical design files safe, and the complexities of sharing, getting feedback and making edits in the designs. Keeping up-to-date with the digital advancements, AutoCAD allows professionals to avoid errors, store their designs safely in the cloud that can be accessed anytime from anywhere, change and manipulate the designs and collaborators, and re-use the same design or its elements for different projects. Once designed, the project shall be converted into a prototype through a 3D printer or machine and can then be used for building the final product, ultimately increasing the productivity, efficiency, and accuracy of the project.

### Report on

### Expert talk on "Career in the Field of Control Engineering and Automation"

**Name of the Event:** Career in the Field of Control Engineering and Automation

**Introduction to Event:**

An Expert talk on the topic " Career in the Field of Control Engineering and Automation" was conducted at Aditya Engineering College (A), Surampalem by the department of EEE to make the students learn about the Facts Devices. The objective of this programme is to update knowledge in the emerging topics in the subject area. The system in control can be anything from a chemical process to a manufacturing robot. Automation is the creation of machines that are capable of performing tasks automatically, without the need for human input. Control engineering will provide Control of Devices and automation it is an emerging core subjects. So keeping this in view, the department has organised this one day seminar for the benefit of the students.

**Event Dates:** 24-01-2019

**Number of Days:** 1 day

**Coordinator:** Mr.N.Rajesh, Asst Professor of EEE.

**Agenda:**

- Introduction to control systems
- Control System Evolution
- Control systems applications
- Introduction of Automation

**Participants:** 112 students

**Expert with Designation:** Dr.R.S.Srinivas, Associate Professor, Acharya Nagarjuna University

PRINCIPAL  
ADITYA ENGINEERING COLLEGE  
SURAMPALAM - 533 437

**Expert's Profile:**

He is currently working as an Assistant professor of Electrical Engineering at Acharya Nagarjuna University, Guntur, Andhra Pradesh, India. His research interests include Power system stability, FACTS controllers, AI techniques, Optimization Techniques. He has 2 Conference Proceedings. He got the Best Teacher award in 2020. He has paper Publications of 06 International and National Journals.

**Venue:** Seminar Hall (Room No: 101), KL Rao Bhavan

**Hospitality/Accommodation:** Yes

**Staffing:**

Mr B.Veeranarayana, Asst. Professor.

**Outcomes:**

- Participants understood about the Control Engineering.
- They understood the applications and Automation.

**Closing Remarks:**

This expert talk has fulfilled its motto in making students to learn about the Control Engineering. As it was one of the good opportunities, all the participants were involved and interacted well. The resource person was keen to make students understand about the topics and clarifying their doubts. Finally the programme successfully came to end by imparting necessary knowledge to students and done well in raising such technical/useful events.

Respected Sir,

Sub: Request to grant permission to organise Career Guidance Programme -reg.

The Department of Electrical and Electronics Engineering is proposing to organise Career Guidance Programme on the topic "**Job Opportunities in Manufacturing of Transformers**" for B.Tech III,V&VII semester students to introduce the concepts of Manufacturing of Transformers on 10.09.2018. Hence, I request you to grant permission to organize the programme for the benefit of the students and sanction an amount of Rs. 7,500/- for smooth conduction of the event.

Please find below the budget estimation for the same.

### Report on Career Guidance Programme on " Job Opportunities in Manufacturing of Transformers "

**Name of the Event:** Job opportunities in Manufacturing of Transformers

#### **Introduction to Event:**

Career Guidance Programme on "Job opportunities in Manufacturing of Transformers "was conducted at Aditya Engineering College (A), Surampalem by the department of EEE to make the students acquainted with the Manufacturing of Transformers. The objective of this programme is to update knowledge in the emerging topics in the subject area. High voltage windings of distribution transformers are made of paper insulated round or rectangular conductors of copper or aluminium material. They are directly wound on LV winding after providing sufficient LV-HV insulation to form a compact and rigid winding assembly. Transformer manufacturing it is an emerging core subjects, so that keeping this in view, the department has organised a Career guidance programme for the benefit of the students.

**Event Dates:** 10.09.2018

**Number of Days:** 1 day

**Coordinator :**Mr.K.Rambabu, Asst. Professor, Department of EEE

#### **Agenda:**

- Transformers
- Applications and operation
- Jobs in private sectors
- Job opportunities

**Participants:** 120 students

### A Report of

### Awareness Programme on "Career opportunities in Nanotechnology"

**Name of Event:** Career opportunities in Nanotechnology

**Introduction to Event:**

One-Day Programme on "Career opportunities in Nanotechnology" on 22-12-2018 was conducted at Aditya Engineering College (A), Surampalem by the department of mechanical engineering to make the students to provide insights about Nanotechnology. Which have helped to understand novel applications of nanotechnology in Defence sector, Medical sector, advanced materials. It was one of the most advanced material in current scenario and students have understood the application of nanotechnology. Keeping this in view, the Department has organised this program for the benefit of the students.

**Event Date:** 22-12-2018

**Number of Day:** 1 day

**Co-ordinator:** Mr. Rajesh Kumar, Assistant Professor, Dept. of Mechanical Engineering.

**No. of Participants:** 285

**Experts with Designation:**

**Mr. Sundar Singh**

Application Engineer (Nanotechnology)

Dynotech Instruments Pvt Ltd

**Expert Profile:**

He has completed M. Tech in (Nano science and technology) from Pondicherry University. His expertise is in nanomaterial characterization, Production and application of structures, Devices and Systems by Controlling Shape. He is working as Application Engineer (Nanotechnology), Dynotech Instruments Pvt Ltd.

**Venue:** Seminar Hall (Room No: 101), K.L. Rao Bhavan

**Hospitality/Accommodation:** Yes

**Staffing:**

Mr. S.N.S. Maruthy Vijay, Assistant Professor, Dept. Mechanical Engineering

**Outcomes:**

- ❖ Understood the nanomaterial characterisation
- ❖ Familiarized with the application of nanotechnology in Defence, Medical and Manufacturing Technology.

**Conclusive Remarks:**

This one Day programme was conducted successfully fulfilling the goal of making students learnt about the Nanotechnology & its characterisation, production and application of structures, devices and systems by controlling shape and size at nanometre scale and students will able to understand the application of Nanotechnology. It would have helped them to understand novel applications of nanotechnology in Defence sector, Medical sector, manufacturing sector etc. As it was one of the good opportunities, all the participants were involved and interacted well. The program came to end by giving necessary information to the students. This program showcased a wide variety of examples to illustrate the key points of nanotechnology.

**Sub:** Request to grant permission to organise Guest Lecture -reg  
Respected Sir,

The Department of Mechanical Engineering is proposing to organise Guest lecture on **"How to prepare and Crack PSU Jobs"** on 27-08-2018 for B. Tech III & V semester students. The aim of the programme is to provide insights about different public sector undertaking companies & research organisations, their selection and preparation strategies. Hence, I request you to grant permission to organise the programme for the benefit of students and sanction an amount of Rs. 7,500/- for smooth conduction of the programme.

Please find below the budget estimation for the same.

S. No.	Particulars	Amount in Rs.
1	Honorarium	5,000
2	Travel Allowance	1,500
3	Miscellaneous	1,000

### Report on Expert Talk on "Career in VLSI Industry"

**Nam of the Event:** Career in VLSI Industry

**Introduction to Event:** Expert Talk on "Career in VLSI Industry" has been organised on 04-01-2019, at Aditya Engineering College (A), to make the students understand the Opportunities and challenges in the field of VLSI. This programme is to provide an overview on EDA tools for VLSI design to the participants. The programme will comprise of live demonstration of tools and lectures delivered by design engineers on platforms like Cadence, Tanner EDA, Calibre, Synopsys Sentaurus TCAD, Ngspice and Magic.

**Event Date:** 04-01-2019

**Co-ordinator:** Mr. P. Bujjibabu, Associate Professor, ECE.

#### **Event Flow:**

- Introduction to VLSI design
- ASIC Design flow miniaturization techniques
- Opportunities in VLSI

**No. of Participants:** 267

**Name of the Expert with Designation:** Mr.K. Manikanta Reddy

**Expert's Profile:** His expertise is in implementing neural network hardware accelerators and host applications on Intel SoC, Xilinx SoC & SoM. He accelerated various deep learning applications in NLP and Computer Vision with real-time performance on the edge devices.

**Venue:** Cotton Bhavan Seminar Hall (Room No: 208)

**Staffing:** Mr.M. Neeladri, Assistant Professor

**Outcomes:** Students were equipped with the knowledge of VLSI technology. Students understood design challenges in VLSI.

**Closing Remarks:** After this Programme, students got clarity about Opportunities and challenges in the field of VLSI. As it was one of the good opportunities, all the participants were involved and interacted well.

To  
The Principal,  
Aditya Engineering College(A).

Respected Sir,

Sub: Request to grant permission to organise orientation programme-reg.

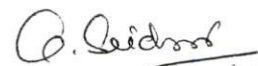

The Department of Electronics and Communication Engineering is proposing to organise orientation programme on "**Bridging gap between Industry and Academia**" on 11-07-2018 for B.Tech V semester students of ECE to make them aware of industry requirements. Hence, I request you to grant permission to organise the programme for the benefit of the students and sanction an amount of Rs.7,500/- for smooth conduction of the programme.

Please find below the budget estimation for the same.

S.No.	Particulars	Amount in Rs.
1	Honorarium	5,000
2	Travel Allowance	2,000
3	Miscellaneous	500
Total		7,500

Thanking you sir,

Yours sincerely

### Report on Orientation programme on

### "Bridging gap between Industry and Academia"

**Event Name:** Bridging gap between Industry and Academia

**Introduction to Event:** Orientation programme on "Bridging gap between Industry and Academia" at Aditya Engineering College (A) was organised to make the students understand Industry requirements and prepare for Interviews accordingly. It's the gap between the engineering education system and the industry's expectation from entry level engineers creates much unemployment. This programme is intended to create awareness in the students about work environment and recent trends in industry.

**Event Date:** 11-07-2018

**Co-ordinator:** Mr. P.Bala Srinivas, Assistant Professor, ECE.

**Event Flow:**

- Build student motivation
- Build a balanced syllabus
- Provide workplace exposure
- Capacity Development

**No. of Participants:** 249

**Name of the Expert with Designation:** Mr. K Murali Krishna, Junior Engineer Telecom BSNL, Rajahmundry

**Expert's Profile:**

Mr. K Murali Krishna, completed B. Tech from Sri Vasavi Engineering College, JNTUH, Hyderabad and P.G (ME-Electronic Instrumentation) from Andhra University, Vishakhapatnam. He is working as JUNIOR Engineer TELECOM BSNL, Rajahmundry.

**Venue:** Cotton Bhavan Seminar Hall (Room No: 208)

**Staffing:**

Mr.B. Srinivas, Associate. Professor

  
PRINCIPAL  
Aditya Engineering College  
SURAMPALAM

**Outcomes:**

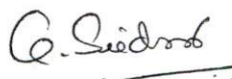

- Students have become familiarized with the gap between Industry and Academia
- Students learnt Academia-Industry Partnerships, Optimizing the Research focus and increasing exposure to Industry.

**Closing remarks:**

After this Programme, huge mass need to be converted into a positive force by making the spirited youth employable. Bridging industry-academia gap plays a very important role in this whole scenario where students, universities, organizations and government need to energize and work together to make it happen.

Date: 25.07.2018

### Report on

### A Seminar on

### “Mining Engineering Scope and Career Opportunities”

**Name of the Event:** Mining Engineering Scope and Career Opportunities

**Introduction to Event:** A Seminar on “Mining Engineering Scope and Career Opportunities” has been conducted on 23-07-2018, at Aditya Engineering College (A) to make students understand how to prepare for the mining related jobs efficiently and preparation for GATE. This programme has been organised by Department of Mining Engineering

**Event Dates:** 23-07-2018

**Co-ordinator:** Mr. Boddikondla Rajesh, Assistant Professor, Department of the Mining Engineering.

**Event Flow:**

- Introduction to Mining related jobs
- Plan of Preparation for Mining jobs
- Awareness on GATE
- Plan of Preparation for GATE

**No. of Participants:** 162

**Name of the Expert with Designation:** AVINASH KUMAR PASWAN, Engineer

**Expert's Profile:**

Engineer in Coal mines at VPR Mining Infrastructure Pvt Ltd, Murthy, Project, Hyderabad, Telangana

He completed his Master Degree in chemistry from Nilamber-Pitamber University, Palamu

**Venue:** Cotton Bhavan Seminar Hall (Room No: 208)

**Hospitality/Accommodation:** Yes

**Staffing:**

Mr. Boddikondla Rajesh, Asst. Professor, Department of the Mining Engineering.

Mr. Ahamed Naseemuddin, Asst. Profesor, Department of the Mining Engineering.

**Outcomes:**

S. M.  
PRINCIPAL  
Aditya Engineering College  
SURAMPALAM

Students were gained knowledge about different career options in mining industries.

The students got familiarized about

- Mining industry
- Various job opportunities in mining
- Importance of GATE

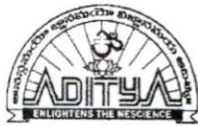

**Closing remarks-description:**

After this Programme, students got clarity about job opportunities in mining industries as it was one of the good opportunities, all the participants were involved and interacted well. This programme showcased strategies to crack these competitive exams.

## **Department of Petroleum Technology** **A Report Career Counselling on Exploration Careers in Petroleum and Allied Industries**

**Event Name:** Career Counselling on Exploration Careers in Petroleum and Allied Industries

### **Introduction to Event:**

Exploration for hydrocarbons is the one of the career for Petroleum Engineers . They have diversified career paths to follow for following, but taking a exploration path will be challenging working in teams. They work with drilling engineers, reservoir engineers, production engineers, completion engineer. The knowledge of Exploration of subsurface is very important to understand the behaviour of the wells, reservoir of hydrocarbon. After completing engineering there are many opportunities and exploration for hydrocarbon is one of the critical information for the identifying prospects, it requires the knowledge of the subsurface. A knowledge of exploration is must for Petroleum Engineers irrespective of their working location. There are plenty to start and learn, without exploration identification of hydrocarbon is difficult to exist.

**Event Date:** 16.02.2019

**Number of days:** 1

**Coordinator:** Mr M.V.V.S Anuprakash, Assistant Professor, Department of PT

### **Event Flow:**

- 1) Log Analyst
- 2) Well Site Geologist
- 3) Mud Logger
- 4) 2D and 3D Seismic Interpreter
- 5) Geoscientist

**Participants:** 108

**Resource person:** P.R Bhavana, GM Head Forward Base, ONGC, Rajhundry

### **Profile of resource person in brief:**

He has 33 years of experience as Petroleum Geologist with a demonstrated history of working in the Oil & Gas industry.. Published several research papers and presented in National & International Conferences. Master of Science & Technology from Andhra University and Master of Technology from IIT Kanpur, focused in Applied Geology.

**Outcomes:**

The students got familiarized about

- How to get work safe in upstream oil field
- Skills required for working in interpretation of the wells, subsurface maps and marking horizon of pay zone.
- Joining in training for operation for identification of facies and structural mapping
- Various opportunities and choosing one among them geoscientist, well site geologist, mud logger.

**Closing remarks-description:**

This 1-Day programme was conducted successfully fulfilling the goal of making students learn the fundamentals of geology and geosciences with their applications. As it is important for petroleum engineers for good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to students in the field of geosciences and geology.

### A Report: Guest talk on logging opportunities and prospects for petroleum engineers

**Event Name:** Guest talk on logging opportunities and prospects for petroleum engineers

#### **Introduction to Event:**

Logging for hydrocarbons is the one of the career for Petroleum Engineers . They have diversified career paths to follow for following, but taking a Logging approach for interpretation of logs. They work with drilling engineers, reservoir engineers, production engineers, completion engineer. The knowledge of Logging of subsurface is very important to understand the geology of the formations ,wells,reservoir of hydrocarbon. After completing engineering there are many opportunities and Logging for hydrocarbon is one of the critical information for the identifying the regions of hydrocarbons, it requires the knowledge of the subsurface. A knowledge of Logging is also important for Petroleum Engineers irrespective of their working location. There are plenty to start and learn, without Logging identification of regions of pay zone and non-pay zone is difficult.

**Event Date:** 15.09.2018

**Number of days:** 1

**Coordinator:** Mr M.V.V.S Anuprakash, Assistant Professor, Department of PT

#### **Agenda/Event Flow:**

- 1) Well log Analyst
- 2) Mud Logger
- 3) 2D and 3D Seismic Interpreter
- 4) Well Site Geologist
- 5) Geoscientist
- 6) Log Analyst

**Participants:** 110

**Resource person:** Biplab Mukherjee, Senior Geoscientist, Reliance Industries,Mumbai

#### **Profile of resource person in brief:**

He has 14 years of experience as a Geoscientist at Reliance Industries and LTI Mumbai, an expert in seismic interpretation, well-logging correlation, fault mapping and contouring. He has a Master's Degree in Geophysics and Bachelor's degree in Mathematics both from Banaras Hindu University.

**ADITYA ENGINEERING COLLEGE**  
**SURAMPALAM - 533 437**

**Location and Venue:** Cotton Bhavan 208 Seminar Hall

**Staffing:**

E.Nandish Goud, Assistant Professor, Department of Petroleum Technology

**Outcomes:**

The students got familiarized about

- How to get work safe in geophysical site
- Skills required for working in geophysical interpretation
- Choosing of Software used for the interpretation of the subsurface maps
- Joining in training for operation to work in geophysical site and logging site
- Various opportunities and choosing one among them geophysicist, geoscientist and log analyst

**Closing remarks-description:**

This 1-Day programme was conducted successfully fulfilling the goal of making students learn the process of well logging principles and applications . As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to students in the field of well logging and interpretation.

### Report on Career Counselling session on "Prospects and Opportunities in Food Processing Sector"

**Event Name:** Career Counselling session on Prospects and Opportunities in Food Processing Sector

**Introduction to Event:**

A Career Counselling session was conducted at Aditya Engineering College (A), Surampalem by the Department of Agricultural Engineering to enlighten the students regarding their future growth prospects. Food processing industry in India has gained prominence in recent years. Availability of raw materials, changing lifestyles and appropriate fiscal policies has given a considerable thrust to industry's growth. This sector serves as a vital link between agriculture and industrial segments of the economy. The Government of Andhra Pradesh decided to formulate a fresh Food Processing Policy duly keeping in view of the tactical advantages like conducive climatic conditions, diverse raw material base, excellent infrastructure, large land bank and abundant availability of skilled manpower etc., has accorded top priority to industrial growth as a means to mitigate poverty and unemployment. Strengthening this link is of critical importance to reduce wastage of agricultural raw materials, improve the value of agricultural produce by increasing shelf-life, fortify the nutritive capacity of food products and ensure remunerative prices to farmers as well as affordable prices to consumers and increase employment. This sector offers various positions through indirect & direct opportunities in Manufacturing & Agriculture fields to the students. Along with the necessary skills and an aptitude to work, individuals can obtain jobs in food supply chain, bakers, drying & baking machine tenders & operators, food batch makers, food technologists, managers, toxicologists and bacteriologists.

**Event Date:** 30-08-2018

**Coordinator:** Mr. V Sai Krishna, Assistant Professor, Department of Ag.E

**Participants:** 160

PRINCIPAL  
ADITYA ENGINEERING COLLEGE  
SURAMPALAM - 533 437

**Expert with Designation:**

Mr. N.R.N.V Gowripathi Rao, Associate Professor  
Kalasalingam Academy of Research and Higher Education

**Expert's Profile:**

He has obtained M. Tech. from Maharana Pratap University of Agriculture and Technology, Udaipur. He was invited as a resource person for a CEP short term course on "MATLAB Programming for Engineering Applications" at IIT Kharagpur.

**Venue:** Seminar Hall, Room No-202, James Watt Bhavan

**Staffing:**

Mr. Baddireddi Jaya Venkata Sai Vinay, Assistant Professor

Mr. Dharnesh Alamanda, Assistant Professor

**Outcomes:**

The students got familiarized about

- Andhra Pradesh Food Processing Society
- Food processing industry
- Job Roles available in processing sector

**Closing remarks:**

The value addition in different stages in food processing industry requires different skill sets and the basic functional distribution of human resource across segments in food processing industry. Having provided the functional distribution of human resources across segments in food processing industry, an exposure is provided to a student which is to be reflected upon one's educational profile as a result.
