Number of professional development /administrative training programs organized by the institution for teaching and non-teaching staff

Academic Year 2017-18

Seminars					
S.No	Title	Department	Date(s)	No. of Participants	Page Number
1	One day seminar on Low-Cost Housing	CE	14-06-2017 to 14-06-2017	15	1
2	One day seminar on Aquifer Mapping, Monitoring, and Analysis (AMMA)	CE	18-07-2017 to 18-07-2017	15	5
3	A seminar on PLC	EEE	14-06-2017 to 14-06-2017	15	9
4	A seminar on Electrical Load Monitoring	EEE	25-10-2017 to 25-10-2017	15	12
5	A Seminar on Energy Conservation & Auditing	EEE	19-09-2017 to 19-09-2017	62	16
6	Seminar on Advances in Composite Materials	ME	05-07-2017 to 05-07-2017	40	21
7	Seminar on Biofuels	ME	09-01-2018 to 09-01-2018	65	26
8	Expert Lecture on Yoga and Stress Management	ME	22-02-2018 to 22-02-2018	45	32
9	One Day Seminar on Industrial 4.0	ME	31-03-2018 to 31-03-2018	62	37
10	Seminar on Emerging topics on Communication	ECE	17-06-2017 to 17-06-2017	62	43
11	A Seminar on AI and It's Applications	CSE	11-12-2017 to 11-12-2017	65	48

12	A Seminar on Recent Trends in Block Chain Technologies	IT	14-03-2018 to 14-03-2018	61	55
13	A Seminar on Data Science and its applications	IT	10-04-2018 to 10-04-2018	58	60
14	Seminar on Contour Survey	Min.E	11-10-2017 to 11-10-2017	15	65
15	Seminar on Novel Blasting Techniques	Min.E	11-12-2017 to 15-12-2017	15	68
16	Seminar on Monitoring of slopes	Min.E	18-12-2017 to 18-12-2017	15	71
17	Seminar on Bench Geometry	Min.E	22-02-2018 to 22-02-2018	15	74
18	Seminar on "Problems Encountered During Production of oil/Gas"	PT	19-02-2018 to 19-02-2018	15	77
19	A Seminar on "Refining and Fractionation facilities design"	PT	06-03-2018 to 06-03-2018	15	81
20	One day seminar Organic Farming and Organic Food	Ag.E	18-01-2018 to 18-01-2018	10	85
21	A seminar on Mechatronics and robotics	Ag.E	09-04-2018 to 09-04-2018	10	89
22	A Seminar on Agrepreneurship development-mentoring agriculture startups	Ag.E	01-11-2017 to 01-11-2017	12	93
23	National Seminar on "Teaching and Learning Process" in colleges	H&BS	01-02-2018 to 01-02-2018	70	97
24	National seminar on Modern technology drugs and design development and evaluation	H&BS	29-07-2017 to 29-07-2017	66	103
25	National seminar on Sustainable Management of Natural Resources	H&BS	16-08-2017 to 17-08-2017	62	108
26	National seminar on Applications of Mathematics in Engineering	H&BS	05-10-2017 to 06-10-2017	59	113
27	National seminar on Material Physics	H&BS	15-10-2017 to 16-10-2017	68	120
28	Seminar On Challenges and Opportunities in Higher Education	MS	14-03-2018 to 14-03-2018	62	126
29	A Seminar on recent trends in management	MS	25-03-2018 to 25-03-2018	61	132
30	A Seminar on Applications of Deep Learning	MCA	25-10-2017 to 25-10-2017	61	138

31	A Seminar on Cyber Security: An application perspective	MCA	13-12-2017 to 13-12-2017	58	144
32	A Seminar on Applications of Machine Learning	MCA	02-02-2018 to 02-02-2018	60	151

A One day seminar on Low-Cost Housing

Title: A One day seminar on Low-Cost Housing.

Introduction to Event:

A One-Day Seminar on “Low-cost Housing” was conducted at Aditya Engineering College (A), Surampalem by the department of CE to make faculty learn how to create nature inspired solution to complex human challenges for healthy planet. This seminar aims to point out the various aspects of prefabricated techniques, and the economic advantages achieved by its adoption. Housing is a basic need of human being but this is out of the low-income householder who constitutes the majority of the population in the country. Low-cost housing becomes a must in civil engineering. In this seminar some methods of low-cost housing given.

In a building the foundation, walls, doors and windows, floors and roofs are the most important components which can be analyzed individually based on the needs thus, improving the speed of construction and reducing the construction cost. Low-cost housing can be achieved by use of efficient planning and project management, low-cost materials, economical construction methods available.

Event Dates: 14-06-2017 to 14-06-2017.

Number of Days: One-day

Co-Ordinator: Ms. Kotapalli Lakshmi, Associate Professor, Department of C.E.

Agenda/Event Flow:

- Introduction to “Low-Cost Housing”
- How to decrease the cost of building a house.

No. of Participants: 15

PRINCIPAL

Experts with Designation: Mr. Habibur Rehman, Supreme Industries, Jalgaon, Maharashtra.

Experts' Profile:

Mr. Habibur Rehman

Technical support team,

Supreme industries, Jalgaon, Maharashtra.

Venue: Cotton Bhavan Seminar Hall (Room No: 208) Seminarhall, Aditya Engineering College.

Hospitality/Accommodation: Yes

Staffing:

1. Mr. Akula Venkata Ratnam, Assistant Professor.
2. Ms. Gorripotu Supriya, Assistant Professor.

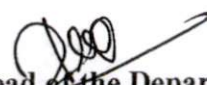

Outcomes:

- Participants have become familiarized with the modern trends in different engineering institutions and entities, depending on their field, describe "Low Cost Housing" as a set of scientific or design principles.
- Participants applied the knowledge gained in the designing of Innovative Structures.

Conclusive Remarks:

This 1-Day seminar on "**LOW-COST HOUSING**" was conducted successfully fulfilling the goal of making non-teaching faculty from CE department to learn the "**LOW-COST HOUSING**" concepts. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty in the field of Low Cost Housing in construction. This learning experience covered a wide breadth of topics from the key steps involved in design to how to maximize its performance besides reducing the area and delay.

A One-day seminar on "Aquifer Mapping, Monitoring, and Analysis (AMMA)"

Title: A One-day seminar on "AMMA".

Introduction to Event:

A One-Day Seminar on "Aquifer Mapping, Monitoring, and Analysis (AMMA)" was conducted at Aditya Engineering College (A), Surampalem by the Department of CE to make faculty learn how to create nature inspired solution to complex human challenges for healthy planet. Water is important to all life on earth; water is constantly formed newly through a phenomenon known as Hydrological cycle. An aquifer is an underground layer of water-bearing permeable rock, rock fractures or unconsolidated materials from which ground water can be extracted using water well. The study of water flow in aquifer and characterization of aquifer is called hydrology. The bed of low permeability along an aquifer is known as aquitard & aquiclude is a solid, impermeable area underlying or overlying an aquifer. Android platform is one of the area where an application can be utilized for mapping and collecting the details of bore well with geographical coordinates. Methodological approach based on GIS, Topographical maps are to be prepared using ArcGIS. Aquifer mapping is a multidisciplinary holistic scientific approach for aquifer characterization, mapping of aquifers helps to determine the quantity of groundwater in a particular area, as a result prediction of ground water table is possible.

A Seminar on "Programmable Logic Controller (PLC)"

Report

Title: Programmable Logic Controller (PLC)

Introduction to Event:

A Seminar on "**Programmable Logic Controller (PLC)**" was conducted at Aditya Engineering College (A), Surampalem by the department of EEE. The objective of this programme is to make Lab Technicians familiar and professional in Programmable Logic Controller (PLC).

Event Date/s: 14-06-2017

Number of Days: 1 day

Co-ordinator: Mr.N.Rajesh, Asst. Professor, Department of EEE

No. of Participants: 15

Experts with Designation: Mr.Kanigiri Durgendra Kumar, Assoc prof, Aditya Engineering College(A)

Experts Profile:

Mr. Kanigiri Durgendra Kumar completed M. Tech in EEE. He is working as Associate Professor in EEE from 2013. His areas of interest are Power electronics, Control Systems etc.

Hospitality/Accommodation: No

Staffing: Mr.I.V.Veeranjaneylu, Asst prof, EEE

Venue: K.L.Rao Bhavan (Room No: 202)

Outcome: Participants can able to perform complex manufacturing and industrial applications by PLC

Conclusive Remarks:

This seminar was conducted successfully fulfilling the goal of making Lab technicians from EEE department, learn the value of PLC. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to staff in the field of PLC. This seminar showcased a wide variety of examples to illustrate the key points in PLC and applications

A Seminar on "Electrical Load Monitoring"

Title: Electrical Load Monitoring

Introduction to Event:

Seminar on "Electrical Load Monitoring" was conducted at Aditya Engineering College (A), Surampalem by the department of EEE. In large commercial or industrial sites, facility management may be concerned whether the utility is overcharging for power usage. Or Clients may be concerned about the possibility of overloads, load imbalance, load profile, harmonic problems, poor power factor or other operational issues relating to their electrical system. It can confirm the system has adequate capacity, develop the data needed to confirm the accuracy of utility metering or, to provide information required to solve operational or performance problems. One Way Electrical will offer a bespoke load monitoring project to measure load characteristics over a specified period of time. Keeping this in view, the department has organized this seminar for the benefit of the Lab technicians.

Event Date/s: 25-10-2017

Number of Days: 1 day

Co-ordinator: Mr.Ballekura Veera Narayana, Asst. Professor, Department of EEE

Seminar on "Energy Conservation and Auditing"

Report

Title: Energy Conservation & Auditing

Introduction to Event:

Seminar on "Energy Conservation & Auditing" was conducted at Aditya Engineering College (A), Surampalem by the department of EEE to make faculty learn how to conserve Electrical Energy. The objective of this programme is to impart the knowledge on Energy conservation is the effort made to reduce the consumption of energy by using less of an energy service. This can be achieved either by using energy more efficiently or by reducing the amount of service used. Keeping this in view, the department has organized this seminar for the benefit of the faculty.

Event Date/s: 19-09-2017

Number of Days: 1 day

Co-ordinator: Mr. Rasamsetti S Sudhakar, Asst prof, EEE.

No. of Participants: 62

Experts with Designation: Dr. K.V.S.R. Murthy, Professor, Dean - R&D, AEC (A)

Experts profile:

Dr. K.V.S.R. Murthy, completed Ph.D from JNTU, Kakinada, 2013 in Distribution Systems. He is Working as Professor, Dean - R&D from 2013 in Aditya Engineering College, Surampalem. He got University Award to Meritorious Teachers 2014 His areas of interests are Power systems and new technologies related to Electrical Engineering

Venue: K.L.Rao Bhavan (Room No: 201)

Hospitality/Accommodation: No

Staffing: Mr. Thadiboina Gopala Krishna, Asst. Professor, EEE

Outcomes:

- Participants have understand the Importance of Energy conservation
- Participants have familiar with the types of Auditing

Conclusive Remarks:

This seminar was conducted successfully fulfilling the goal of making faculty from EEE department learn the value of resources and how to conserve the energy. As it was one of the good opportunities, all the participants were involved and interacted well. This seminar showcased a wide variety of examples to illustrate the key points in Conservation of Energy and Auditing.

"Seminar on Advances in Composite Materials"

Title: Advances in Composite Materials

Introduction to Event: The advent of light weight, corrosion and fatigue damage resistant composites was considered a major break-through which revolutionized the use of materials in many applications. Extensive research and development over the past two decades has made composites a production reality, vital to automotive, aerospace, medical, defense, space, sporting goods, electronic and marine applications. New application area will continue to open up, because composites can be tailored to specific requirements. The rapid advancement in the science of fibers, matrix materials, processing, interface surface, bonding and their characteristics on the final properties of composites have taken place in the recent years. The technological developments in composite materials are responsible for partially meeting the global industrial demand for materials with improved performance capabilities.

Event Dates: 05-07-2017

Number of Days: 1 Day

Co-ordinator: Mrs V.Pragna, Assoc. Professor, Department of ME.

Agenda/Event Flow:

- Day-1: Metal Matrix Composites, Ceramic Matrix Composites
(Session1)
- Day-2: Polymer Matrix Composites
(Session2)

No. of Participants: 40

1. **Experts with Designation:** 1. Mr Y K S Subba Rao, Associate Professor

Experts' Profile:

Mr Y K S Subba Rao Working as Associate professor in the Department of Mechanical Engineering in Aditya College of Engineering

Venue: KL Rao Bhavan Seminar Hall (Room No: 108)

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

Outcomes:

- This Seminar aims to make clarity on fundamentals, characterization and application of composite materials, which will be held for one week.
- The course is designed especially the basics and advances of polymer matrix composites, metal matrix composites and ceramic matrix composites.

Conclusive Remarks: Department of Mechanical Engineering organized One Day Seminar on Advances in Composite materials . Mr YKS Subbarao Working as Associate Professor in ME Department was invited to be the resource person At the end of the program participants can communicate clearly and with impact by improving their verbal and non verbal communication style as well as inter personnel skills . The program was highly appreciated by the participants

Seminar on "BioFuels"

Title: BioFuels

Introduction to Event: Biofuels are regarded as energy sources with the potential to solve a series of problems related to the climate and sustainability. Expectations are that pursuing policies supporting biofuels will be beneficial for welfare and sustainability in societies. It is convenient to divide the effects of such policies into four categories: Climate effects, other environmental effects, energy security effects, and net economic effects. Reviewing the literature to date reveals that the effects of converting from fossil fuels to biofuels do not necessarily have positive net welfare effects, and the argument to substitute biofuels for fossil fuels is not as obvious as it initially appears to be. Short-run stringent climate policy objectives are proposed to counteract global warming, and increasing the use of biofuels is promoted as an adequate strategy. One important conclusion drawn from recent studies is that biofuels are not entirely carbon neutral, as is commonly assumed. Therefore, the use of biofuels as an instrument in climate policy must be carefully scrutinized before set into play on a global scale

Event Dates: 09-01-2018

Number of Days: 1 Day

Co-ordinator: K.Sivaprakash, Asst. Professor, Department of ME.

Agenda/Event Flow:

- Day-1: Biofuels, Types of Biofuels, Biodiesel, Bioethanol, Biogas, Generation of biodiesels, Processes for the production.

No. of Participants: 65

Experts with Designation: 1. Dr Mubarak M. Professor

Experts' Profile: . He is working as Associate professor in MEA Engineering College, Perinthalmanna, Kerala.

Venue: KL Rao Bhavan Seminar Hall (Room No: 101)

Hospitality/Accommodation: No

Staffing: Mr ASSM Sitaram Murthy

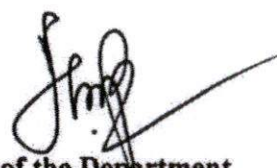

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

Outcomes:

- Demonstrate general knowledge and understanding of some of the basic facts, language, concepts and principles relating to Biofuels, in particular the composition and properties and the different ways in which biofuels products have been utilised by humans.
- Demonstrate an understanding of the contribution that science can make to informed debate on issues arising from the use of Biofuels.
- Environmentally friendly techniques for processing and synthesis.
- New techniques for biofuels production

Conclusive Remarks: The session was very informative. The discussed areas are of great benefit to the participants as the topics were the latest. Participants were educated on the most widely used advance strategies in Biofuels. The participants gained knowledge about Biofuels. This Seminar was immensely useful for the beginner level and middle level research scholars. The research scholars can get technical inputs for their research work from the Resource Persons..

Expert Lecture on "Yoga and Stress Management"

Title: Yoga and Stress Management

Introduction to Event: The word "yoga" comes from a Sanskrit root "yuj" which means union, or yoke, to join, and to direct and concentrate one's attention. Regular practice of yoga promotes strength, endurance, flexibility and facilitates characteristics of friendliness, compassion, and greater self-control, while cultivating a sense of calmness and well-being. Consistent yoga practice improves depression and can lead to significant increases in serotonin levels coupled with decreases in the levels of monamine oxidase, an enzyme that breaks down neurotransmitters and cortisol. It is a prevalent in Today's Society and causing Multiple health Problems This Lecture will teach the attendees how to decrease stress with the use of both coping and relaxation Techniques.

Event Dates: 22-02-2018

Number of Days: 1 Day

Co-ordinator: Mr. Subrahmanyam Sigatapu, Asst. Professor, Department of ME.

Agenda/Event Flow:

- Day-1: Warm Ups and stretching exercises
- Day-2: Meditation

No. of Participants: 45

Experts with Designation: 1.Mr.Sri Sarvananda dasa, Motivational Speaker

PRINCIPAL

ADITYA ENGINEERING COLLEGE
SURAMPALEM - 533 437

Experts' Profile: . Mr.Sri Sarvananda dasa, Motivational Speaker

Venue: KL Rao Bhavan Seminar Hall (Room No: 101)

Hospitality/Accommodation: No

Staffing: Ms S.Anajani Devi

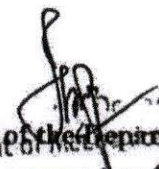

Outcomes:

1. Yoga practices enhance muscular strength and body flexibility
2. Promote an improve respiratory and cardiovascular function
3. Promote recovery from treatment of addiction, reduce stress, anxiety, depression, and chronic pain, improve sleep patterns, and enhance overall well-being and quality of life

Conclusive Remarks:

As participation rates in mind-body fitness programs such as yoga continue to increase, it is Informed about the nature of yoga and the evidence of its many therapeutic effects This Lecture will teach the attendees how to decrease stress with the use of both coping and relaxation Techniques. Mr.Sri Sarvananda dasa gave excellent Speech on Stress Management

One Day Seminar on Industry 4.0

Title: Industry 4.0

Introduction to Event:

One Day Seminar on "Industry 4.0" was conducted at Aditya Engineering College (A), Surampalem by the department of ME. The objective of this Seminar Industry 4.0 is a phenomenally rising trend in data and information feeding systems automatically and manufacturing technologies, dedicated for a higher integration of activities and divergence, which is also called as a "Smart manufacturing industry" This seminar is aimed to explore and bring awareness with promising outcomes towards the innovative teaching and learning, research, and teaching practices and to impart in higher education. Hence forth lead to the collaboration, coordination, interpretation, transparency, trace abilities professional growth and leadership abilities in one and all of the executive systems

Event Dates: 31-03-2018

Number of Days: 1 Day

Co-ordinator: Mr. V.Muralidhar, Asst. Professor, Department of ME.

Agenda/Event Flow:

Day-1: Industrial Engineering Traditional systems

Big data and Data processing in manufacturing systems

Cloud computing role in industry 4.0 manufacturing systems

No. of Participants: 62

Experts with Designation: 1. Dr Pramod , Assistant Professor

Experts' Profile:

1. Dr. Pramod Working as Assistant professor in the Department of Mechanical Engineering, Aditya College of Engineering and Technology. He completed his PhD in Energy System

Venue: K.L.Rao Bhavan Seminar Hall (Room No: 101)

Hospitality/Accommodation: No

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

Staffing: Mr K.L. Kishore, Assoc Professor

Outcomes:

- To enable the research scholars, faculty members and industry for state- of- the- art collaborative research
- To update faculty members knowledge of trending industry 4.0 techniques
- To explore industry 4.0 framework components and to correlate with traditional manufacturing systems

Conclusive Remarks: The resource person provided great insight into the area of Industry 4.0 and its applications. At the end of the program participants can gain Knowledge on Industry 4.0. and research scholars can do collaborative Work. All the faculty members who participated in the Seminar were interactively associated with the resource person and cleared their doubts enthusiastically.

A One-Day "Seminar on Emerging Topics on Communication"

Title: Emerging Topics on Communication

Introduction to Event:

A One Day Seminar on "Emerging Topics on Communication" was conducted at Aditya Engineering College(A) Surampalem by the department of ECE to make faculty learn how to Antenna with considering design metrics. The objective of this programme is to impart the knowledge on R-Social Media Platforms. These days, almost all social media platforms Customer Feedback, Call-Centre Software, Video Conferencing, Text Messages and Whatsapp Keeping this in view, the department has organized this Faculty Development programme for the benefit of the faculty.

Event Dates: 17-06-2017

Number of Days: 1 day

Co-ordinator: Mr.M.S.R.Sekhar, Assoc. Professor, Department of ECE.

Agenda/Event Flow:

Introduction to IOT systems, 5G systems, heterogeneous wireless systems which includes the combination of Wi-Fi, 3G 4G and 5G)Network, Video Channels, Live Chat, Customer.

No. of Participants: 62

Experts with Designation: Mr.K.Yashwant Krishna, Sr.Executive Engg, Bangalore.

Experts' Profile:

Mr.K.Yashwant Krishna, Senior Executive Engineer, Bangalore completed M.Tech. from Osmania University. His expertise is in implementing knowledge on R-Social Media Platforms with real-time performance on the edge devices. He had working experience with Customer Feedback, Call Centre Software, Video-Conferencing, Text Messages.

Venue: Cotton Bhavan Seminar Hall (Room No: 208)

Sr. Secy
PRINCIPAL
Aditya Engineering College
SURAMPALAM

Staffing:

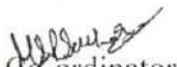

1. Mr.M.Neeladri, Assoc. Professor
2. Mr.G.Rama Naidu, Asst.Professor

Outcomes:

- Participants have become familiarized with the network, Video Channels, Live Chat.
- Participants applied the knowledge gained in the Recent trends.

Conclusive Remarks:

This 1-Day Seminar was conducted successfully fulfilling the goal of making faculty from ECE department learn the Communication concepts. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty in the field of 5G enabling technologies such as a wireless software-defined network, network function virtualisation, millimetre wave spectrum, massive MIMO, network ultra-densification, big data and mobile cloud computing, scalable Internet of Things, device-to-device connectivity with high mobility, green communications, and new radio access techniques Network, Video Channels, Live Chat. Customer Feedback, Call-Centre-Software, Video-Conferencing, Text Messages and Whatsapp. This learning experience covered a wide breadth of topics from the key steps involved in system..

Report on

Workshop on "5 days Hands-on-training on Web Technologies."

Title: Web Technology

Workshop on "5 days Hands-on-training on Web Technologies" was conducted at Aditya Engineering College (A), Surampalem by the department of CSE to acquire knowledge about current technological developments in relevant field. The objective of this programme is to To give Basic knowledge about HTML and CSS like HTML Basic program, Tags, Tables, Frames, Online Form Creation, Introduction about CSS, Types of CSS and Example programs of HTML with CSS. The department has organized this Workshop for the benefit of the non faculty from CSE and IT departments.

Event Dates: 01-02-2021 To 05-02-2021

Number of Days: 5 days

Co-ordinator: T. Sudha Rani,

Associate Professor, Dept. Of CSE, Aditya Engineering College.

Agenda/Event Flow:

- | | |
|-------|--|
| Day-1 | Introduction about HTML Basics |
| Day-2 | How to write sample programs by using Frames in HTML |
| Day-3 | Introduction about CSS and its Types |
| Day-4 | Webpage Designing using HTML |
| Day-5 | Introduction about XML and DHTML |

No. of Participants: 16

Expert with Designation:

Mr. P.Krishnanjaneyulu

Associate Professor,

Department of CSE

ANITS

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

Outcomes: Participants have become familiarized on Artificial Intelligence, pattern Recognition. Participants applied the knowledge gained in the design of Algorithms and Machine Learning and also on AI Applications like Robotics and on Automation.

Conclusive Remarks:

This One-Day seminar was conducted successfully fulfilling the goals of making faculty from AI and It's Applications. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty in the field of AI and It's Applications. The topics in Artificial Intelligence, Pattern Recognition, Algorithms and Machine Learning and AI Applications like Robotics and Automata are presented. The resource person presented the topics with relevant examples and provided learning resources to all the participants.

Photos:

Interaction with participants on Computer Vision in AI, Robotics and Automation.

A Seminar on "Recent Trends in Block Chain Technologies"

Title: Recent Trends in Block Chain Technologies

Introduction to Event:

A Seminar on "Recent Trends in Block Chain Technologies" was conducted at Aditya Engineering College (A), Surampalem by the department of IT to give insights to the faculty of CSE & IT on Block Chain Technologies.

Event Date: 14-03-2018

Number of Days: 1 day

Co-ordinator: Mrs. S. Neelima, Asst. Professor, Department of IT.

Agenda/Event Flow:

Introduction to Block Chain Technologies, Main Barriers to Blockchain Adoption, Technological and Cryptographic Elements in Blockchain, Blockchain Platforms, Blockchain Applications.

No. of Participants: 61

Resource Person:

Ch. Seshadri Rao,
Associate Professor,
Department of CSE,
Pragati Engineering College.

Resource Persons' Profile:

Ch. Seshadri Rao completed M. Tech in CSE. He is working as Associate Professor in CSE from 2015. His areas of interest are Block Chain Technologies, Cyber Security, Ethical Hacking etc.

PRINCIPAL
Aditya Engineering College
SURAMPALAM

Venue: Bill Gates Bhavan (Room No: 102)

Hospitality/Accommodation: No

Staffing:

Mr.S.V.V.D. Jagadeesh, Asst. Professor, IT department

Outcomes:

- Understand the fundamental concepts of Block Chain Technology and its applications
- Understand Technological and Cryptographic Elements in Blockchain
- Compare various Blockchain Platforms

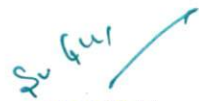

Conclusive Remarks:

Department of Information Technology organized a seminar on "Recent Trends in Block Chain Technologies". Ch. Seshadri Rao, who is working as Associate Professor, CSE Department, Pragati Engineering College, was invited to be the resource person. The resource person provided great insight into the area of research in Blockchain Technology and its applications. The seminar was highly appreciated by all attendees. The Q & A discussions during the seminar were very useful.

A Seminar on "Data Science and its applications"

Title: Data Science and its applications

Introduction to Event:

A Seminar on "Data Science and its applications" was conducted at Aditya Engineering College (A), Surampalem by the department of IT to provide attendees with new perspectives on the field of Data Science.

Event Date: 10-04-2018

Number of Days: 1 day

Co-ordinator: Mrs. S. Neelima, Asst. Professor, Department of IT.

Agenda/Event Flow:

Introduction to Data Science, Importance of handling data in multiple formats, Data Science algorithms.

No. of Participants: 58

Resource Person:

Dr. Sivakoti Satyanarayana,
Professor,
Department of CSE,
Raghu Engineering College.

Resource Persons' Profile:

Dr. Sivakoti Satyanarayana completed Ph.D in Computer Science & Engineering from Andhra University in 2016. He is working as Associate Professor in Raghu Engineering College from 2010. His areas of interest are Neural Networks Simulators, Machine Learning, Network Security, Web Technologies etc.

PRINCIPAL

SURAMPALAM

Venue: Bill Gates Bhavan (Room No: 102)

Hospitality/Accommodation: Yes

Staffing:

Mr. A. K. Chakravarthy, Asst. Professor, IT Department

Outcomes:

- Understand the concepts of data science and its applications
- Understand various types of data
- Compare various data science algorithms.

Conclusive Remarks:

Department of Information Technology organized a seminar on "Data Science and its applications". Dr. Sivakoti Satyanarayana, who is working as Professor, CSE Department, Raghu Engineering College, was invited to be the resource person. The speaker provided great insight into the area of research in data science. The objective of this seminar was to focus on research trends in data science along with tools used for data science. The seminar was highly appreciated by all the attendees.

Title: CONTOUR SURVEY

Introduction to Event:

A seminar was Conducted at Aditya Engineering College (A) Surampalem by the Department of Mining Engineering to make faculty know about the importance of contours in mining. The objective of this programme is to impart the knowledge on contour survey.

Event Dates: 11-10-2017

Number of Days: 1 Day

Coordinator Name: B. Rakesh, Assistant Professor Department of Mining Engineering

Expert Profile: L.Shiva babu GM Mines, APMDC. Ltd.

Agenda/Event flow: Introduction, Methods of Surveying and Uses of survey

Number of participants: 15

Venue: Cotton Bhavan Seminar Hall (Room No:208)

Conclusive Remarks: This Programme was Conducted Successfully fulfilling the goals of making faculty from Mining Department learn the importance of contours and able to identify all features inside the mining lease.

5 DAY SEMINAR ON NOVEL BLASTING TECHNIQUES

Introduction to Event:

A 5 day seminar on Novel blasting techniques was Conducted at Aditya Engineering College (A) Surampalem by the Department of Mining Engineering to make faculty know about the different types of blasting techniques. The objective of this programme is to impart the knowledge on controlled and demolition blasting.

Event Dates: 11-12-2017 to 15-12-2017.

Number of Days: 5 Days.

Coordinator Name: Mr.S.Sathish, Assistant Professor Department of Mining Engineering

Expert Profile: V.Srikant, M.D. (Uttam Blast Tech.Pvt.Ltd.)

Agenda/Event flow: Introduction, Various techniques and importance of each technique.

Number of participants: 15

Venue: Cotton Bhavan Seminar Hall (Room No:208)

Conclusive Remarks: This Programme was Conducted Successfully fulfilling the goals of making faculty from Mining Department learn the importance of blasting techniques.

A 1-Day seminar on "Problems Encountered During Production of oil/Gas"

Title: Problems Encountered During Production of oil/Gas

Introduction to Event:

A 1-Day seminar on "Problems Encountered During Production of oil/Gas" was conducted at Aditya Engineering College (A), Surampalem by the department of PT to make faculty learn the process that is used to deal with problems during production of oil and gas. In order to meet the current trends in petroleum industry, faculty need to equip with the basic knowledge of drilling and production problems. Keeping this in view, the department has organized this seminar for the benefit of the faculty.

Event Dates: 19-02-2018

Number of Days: 1 day

Co-ordinator: Mr M. V. S. S.Anuprakash, Asst. Professor, Department of PT.

Agenda/Event Flow:

Day-1: Overview of problems in production

No. of Participants: 15

Experts with Designation: Dr.G.N.Rao,
Andhra University

Experts' Profile: Dr.G.N.Rao, has more than 38 years of experience as geologist in oil and gas exploration,including HPHT well completion. He completed his Ph.D from Andhra University and worked as exploration geo scientist in ONGC. He worked as Independant consulting geologist and consultant for sonogal. He is working as Adjunct Professor of Geology in Andhra University

Venue: KL Rao Bhavan Seminar Hall

Hospitality/Accommodation: Yes

Staffing:

1.Mr.G.L.Papa Rao, Asst. Professor

2.Ms.V.Supriya, Asst. Professor

Outcomes:

- Participants have become familiarized with the problems in production of oil and gas
- Participants applied the knowledge gained in the analysis of Production problems

Conclusive Remarks:

This 1-Day programme was conducted successfully fulfilling the goal of making faculty from PT department learn the analysis of problems encountered during production, remedial action to be taken. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty in the field of production. This learning experience covered a wide breadth of topics from the drilling blowouts, equipment failure, kick problems. This training showcased a wide variety of examples to illustrate the key points in Production.

A Seminar on "Organic Farming and Organic Food"

Title: Organic Farming and Organic Food

Introduction to Event:

One day seminar on "Organic Farming and Organic Food" was conducted at Aditya Engineering College (A), Surampalem by the department of Ag.E to teaching staff from Ag.E. The objective of this seminar was to bring the awareness on cultivating the land and raising crops by use of organic wastes.

Event Dates: 18-01-2018

Number of Days: 1 day

Co-ordinator: Ms. J. Pavani, Asst. Professor, Department of Ag.E.

Agenda/Event Flow:

Introduction to organic farming and organic food, hazards of application of chemicals on the crop, prospects of organic farming India, major producing crops under organic farming.

No. of Participants: 10

Resource Person:

Mr. N. Ashok Kumar
Assistant Professor
CAE, Madakasira

PRINCIPAL
Aditya Engineering College
SURAMPALAM

Resource Persons' Profile:

Mr. N. Ashók Kumar completed his M. Tech from CAE, Bapatla and working as Assistant Professor in CAE, Madakasira.

Venue: KLB Seminar Hall (Room No: 101)

Hospitality/Accommodation: NO

Outcomes:

- To understand the importance of conservation of land by avoiding application of chemicals on the crop.
- To identify the crops that produced under organic farming.

Conclusive Remarks:

Department of Agricultural Engineering organized a seminar on "Organic Farming and Organic Food" on 18 January 2018. Faculty from Ag.E department attended the seminar. Mr. N. Ashok Kumar, Assistant Professor from CAE, Madakasira acted as a resource person and delivered lecture on seminar Organic Farming and Organic Food. The seminar was highly appreciated by all attendees. The Q & A discussions during the seminar were very useful.

A seminar on "Mechatronics and robotics"

Title: Mechatronics and robotics

Introduction to Event:

One day seminar on "Mechatronics and robotics" was conducted at Aditya Engineering College (A), Surampalem by the department of Ag.E to teaching staff from Ag.E & ME. The objective of this seminar was to enable the staff in building and programming technology systems.

Event Dates: 09-04-2018

Number of Days: 1 day

Co-ordinator: Mr. Vikram Singh, Asst. Professor, Department of Ag.E.

Agenda/Event Flow:

Introduction to Mechatronics and Robotics, key elements of Mechatronics, application of Mechatronics in robotics, role of Mechatronics engineering in robotics.

No. of Participants: 10

Resource Person:

Mr. P. Sashi Kumar

Siddharath Institute of Engineering & Technology,
Puttur.

PRINCIPAL
Aditya Engineering College
SURAMPALAM

Resource Persons' Profile:

Mr. P. Sashi Kumar

SIET, Puttur.

Venue: BGB Seminar Hall (Room No: 102)

Hospitality/Accommodation: NO

Outcomes:

- To understand the basics of Mechatronics and its application in robotics
- To identify future research related to interdisciplinary emerging field

Conclusive Remarks:

- ✓ The discussed areas are of great benefit for the participants as the topics match with the current working domain.
- ✓ Participants were enlightened with the most widely used advance technologies in this domain. This in turn will help in research activity and placement opportunity.
- ✓ The program was ended with participant feedback, certificate distribution and vote of thanks was given by HOD.

A Seminar on "Agripreneurship development- mentoring agriculture startups"

Title: Agripreneurship development- mentoring agriculture startups

Introduction to Event:

One day seminar on "Agripreneurship development- mentoring agriculture startups" was conducted at Aditya Engineering College (A), Surampalem by the department of Ag.E to teaching staff from Ag.E. The objective of this seminar was to bring the awareness on opportunities and support system from government and other institutes for setting up of startups in agriculture and allied sectors.

Event Dates: 01-11-2017

Number of Days: 1 day

Co-ordinator: Mr. Rahul Kumar Gupta, Asst. Professor, Department of Ag.E.

Agenda/Event Flow:

Introduction to Agripreneurship development, Indian Startup scenario at present, policy draft on Agri-Startups and overview on Startup opportunities in Agriculture and allied sectors.

No. of Participants: 12

Resource Person:

Mr. Avinash Gupta
Consultant,
Agri10X,
Pune.

PRINCIPAL
Aditya Engineering College
SURAMPALEM

Resource Persons' Profile:

Mr. Avinash Gupta completed his MBA from IIT, Bombay and working as Consultant head in Agri10X Pune. He played key role for setting up of startup in agriculture and allied sectors around Maharashtra and other states.

Venue: CB Seminar Hall (Room No: 208)

Hospitality/Accommodation: NO

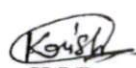

Outcomes:

- To understand the fundamental concepts of Agripreneurship development
- To understand various policy drafts on agriculture and allied sectors startups
- Analyze opportunities available for new Agri-startup

Conclusive Remarks:

Department of Agricultural Engineering organized a seminar on "Agripreneurship development- mentoring agriculture startups" on 01 November 2017. Faculty from Ag.E department attended the seminar. Mr. Avinash Gupta, consultant head of Agri10X acted as a resource person and delivered lecture on Agripreneurship development- mentoring agriculture startups. The seminar was highly appreciated by all attendees. The Q & A discussions during the seminar were very useful.

National Seminar on "Teaching and Learning Prose" in Colleges

Title: "Teaching and Learning Prose" in Colleges

Introduction to Event:

A National seminar on "Teaching and Learning Prose" in Colleges was conducted at Aditya Engineering College (A), Surampalem by the department of H&BS to the faculty of English from various colleges for the improvement of the teaching learning process in their regular teaching. The objective of this programme is to develop teaching and learning techniques of the staff to make their students to industry ready.

Event Dates: 01-02-2018

Number of Days: 1 day

Co-ordinator: Dr.M.S.C.Sophia Professor, Department of H&BS.

Agenda/Event Flow:

Schedule for Day : 01-02-2018

TIME	ITINERARY
10:00 – 11:00 AM	INAUGURAL SESSION
11:00 AM to 12:30 PM	Session-I By Dr.D.Jyothirmayi
12:30 – 01:30 PM	LUNCH BREAK
01:30 – 04:00 PM	Session-II By Dr.D.Jyothirmayi
4:00 PM TO 4:30 PM	VALEDICTORY

PRINCIPAL

ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

No. of Participants: 70

Experts with Designation: 1. Dr. D.Jyothirmayi

Associate Professor, Department of English,
Adikavi Nannayya University

Experts' Profile:

Dr. D Jyothirmayi,

She completed her Ph.D. from Adikavi Nannaya University, and has published 10 research papers in various national and international journals. She has 20 years of Experience at UG and PG levels. Her area of interest is teaching Language through Poetry, Prose and Drama.

Venue: Bill gates Bhavan Seminar Hall (Room No: 301)

Hospitality/Accommodation: No

Staffing:

1. Dr. M S C Sophia
2. B Rambabu

Outcomes:

Staff members have become familiarized with the new techniques in teaching and learning prose.

Conclusive Remarks:

This programme was conducted successfully by H&BS department to develop teaching and learning among the staff members. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty in teaching and learning prose.. This training showcased a wide variety of examples to illustrate the key points of the programme.

Report on

National Seminar on "Modern Technology Drugs and Design development and Evaluation"

Title: National Seminar on "Modern Technology Drugs and Design development and Evaluation"

Introduction to Event:

A National seminar on "Modern Technology Drugs and Design development and Evaluation" was conducted at Aditya Engineering College (A), Surampalem by the department of H&BS to make faculty learn how far Modern Technology Drugs and Design development and Evaluated". The objective of this programme is to impart the knowledge on applications of Modern Technology Drugs and Design development and Evaluated".

Event Dates: 29-07-2017.

Number of Days: 1 day

Co-ordinator: Dr. S. Aruna kumari.

Agenda/Event Flow:

Day-1: Modern Technology Drugs and Design development and Evaluation

No. of Participants: 66.

Experts with Designation: 1.P.V.S Machiraju,

Professor, Department of H&BS,

Pragati Engineering College, Surempalem.

Experts' Profile:

Dr. P.V.S Machiraju,

He completed Ph.D. on Characterization of Agro based Industrial effluent and Assessment of Potential for application from Acharaya Nagaurjuna university in 2010, and has published 65 research papers in various national and international journals. He has 40 years of Experience at UG and PG levels and Engineering colleges.

Venue: Bill gates Bhavan Seminar Hall (Room No: 301)

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

Hospitality/Accommodation: No

Staffing:

1. Dr. S. Arunakumari, Professor
2. Mrs. Raffiunnisa, Asst. Professor

Outcomes:

Participants have become familiarized with the applications of Drugs and design development and its applications.

➤ **Conclusive Remarks:**

This 1-Day programme was conducted successfully fulfilling the goal of making faculty from H&BS department to learn the applications of drugs development. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty how far drugs development is useful. This training show cased a wide variety of examples to illustrate the key points of the programme.

National Seminar on "Sustainable Management of Natural Resources"

Title: National Seminar on "Sustainable Management of Natural Resources.

Introduction to Event:

A National seminar on "Sustainable Management of Natural Resources" was conducted at Aditya Engineering College (A), Surampalem by the department of H&BS to make faculty learn how far Natural resources of sustainable Management is useful . The objective of this programme is to impart the knowledge on Natural resources of sustainable Management.

Event Dates: 16-08-2017 to 17-08-2017

Number of Days: 2 days

Co-ordinator: Dr.S.Aruna Kumari

Agenda/Event Flow:

Day-1: Applications of Sustainable management

Day-2: How to protect Natural Resources.

No. of Participants: 62

Experts with Designation: Dr.V.Surya Narayana,
Professor, Department of H&BS ,
Aditya Engineering College, Suarmpalem.

Experts' Profile:

Dr.V.Surya Narayana,

He completed Ph.D. on Environment and Bio-Technology in 1996, APS University, Madhya Pradesh. He has published 35 research papers in various national and international journals. He has 25 years of Experience at UG and PG levels and Engineering colleges.

A 2-Day National Seminar on "Material Physics"

Title: Material Physics

Introduction to Event:

A 2-Day National Seminar on "Material Physics" was conducted at Aditya Engineering College (A), Surampalem by the department of H&BS. The objective of this programme is to impart the knowledge on properties of materials that need to be aware of. This includes mechanical, thermal, electrical, chemical and optical properties. All these properties are controlled by the microscopic structure of these materials, and this will cover the quantum mechanics, atomic physics and thermodynamics that control what materials can do. This will focus on the structure and properties of crystalline materials, and on how these properties can be manipulated to create more capable materials, faculty need to equip with the basic knowledge of material physics. Keeping this in view, the department has organized this National Seminar programme for the benefit of the faculty.

Event Dates: 15-10-2017 to 16-10-2017

Number of Days: 2 days

Co-ordinator: Dr.T.Narendrudu, Professor, Department of H&BS.

Agenda/Event Flow:

Day-1: Introduction to Material Physics

Day-2: Mechanical, Electrical, Thermal and Optical properties of materials

No. of Participants: 68

Experts with Designation:

Dr. G.Keerthi Marita,

Asst Professor in Physics,

AKNU, Rajahmundry, AP

PRINCIPAL

ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

Experts' Profile:

Dr. G.Keerthi Marita, Assistant Professor in Physics, Adikavi Nannaya University, Rajahmundry, AP. She obtained Ph.D. in Physics from ANU in 2015 and M.Phil in 2008. She has 19 years teaching experience. She is expertise in the field of Material Physics.

Venue: Bill Gates Bhavan Seminar Hall (Room No: 301)

Hospitality/Accommodation: Yes

Staffing:

1. Dr. G.Chinna Ram, Assoc. Professor
2. Ms. G.Ratna Kumari, Asst. Professor

Outcomes:

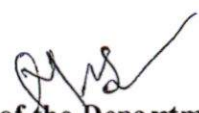

- Analyse the importance of material properties for a wide variety of engineering situations.
- Evaluate and select suitable materials for different practical applications.

Conclusive Remarks:

This 2-Day programme was conducted successfully fulfilling the goal of making faculty from H&BS department learn the concepts of material physics. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty in the field of Physics. This learning experience covered a wide breadth of topics from the key steps involved in selecting a suitable material for different practical applications. This training showcased a wide variety of examples to illustrate the key points in understanding the micro-physics and chemistry responsible for material properties, and analyse how they can be modified.

A One Day Seminar on "Challenges and Opportunities in Higher Education"

Introduction to Event

A One-day Seminar on "Challenges and Opportunities in Higher Education" was conducted at Aditya Engineering College (A), Surampalem by the department of MBA to acquire knowledge about the world has realized that the economic success of the states is directly determined by their education systems. Education is a Nation's Strength. A developed nation is inevitably an educated nation. Indian higher education system is the third largest in the world, next to the United States and China. Since independence, India as a developing nation is contentiously progressing in the education field. Although there have been lot of challenges to higher education system of India but equally have lot of opportunities to overcome these challenges and to make higher education system much better. It needs greater transparency and accountability, the role of colleges and universities in the new millennium, and emerging scientific research on how people learn is of utmost important.

Event Dates: 14-03-2018 to 14- 03-2018

Number of Days: 1 day

Co-ordinator: Atapakala Jayanand,

Assistant Professor, Dept. of MBA, Aditya Engineering College.

Agenda/Event Flow:

Day-1: challenges to higher education system of India

No. of Participants: 62

Experts with Designation: Dr. L.Madhu Kumar

Assistant Professor Adikavi Nannaya University, M.S.N.Campus Kakinada.

Experts' Profile:

Dr. L.Madhu Kumar is currently working as an Assistant Professor and Head in the Department of Management Studies, Adikavi Nannaya University, M.S.N.Campus Kakinada, India. His doctoral dissertation was in the area of retail service quality, he completed M.B.A. in Marketing Management. He has 1 years of Industrial and 6 years of academic experience. He has published 5 papers/articles in national and international journals and international conference proceedings publications.

A One Day Seminar on "Recent Trends in Management"

Introduction to Event

A One day Seminar on "Recent Trends in Management" was conducted at Aditya Engineering College (A), Surampalem by the department of MBA to acquire knowledge about current Trends and developments in relevant field. The objective of this programme is to impart the knowledge on updated Elements in Management. Recent trends in management refer to the latest managerial practices that managers use to effectively manage their employees. As the market situation evolves, the managerial trends also evolve and change. These changes are subject to the market conditions of that time period. The most popular recent trends in management are Total Quality Management, Risk Management, Crisis Management etc. Let's understand in detail

Event Dates: 25-03-2018 to 25-03-2018

ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

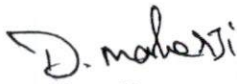

Venue:-101 (Seminar hall)

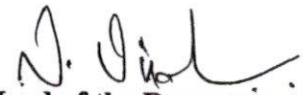

Outcomes:

Participants have become familiarized to Recent trends in management refer to the latest managerial practices that managers use to effectively manage their employees.

Conclusive Remarks:

This 1-Day programme was conducted successfully fulfilling the goal of making faculty from Computer networks system design concepts and security issues in it. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty in the field of Management. This learning experience covered a wide breadth of topics from the key elements involved in Modern Trends in management. The resource person presented the topics with relevant examples and provided learning resource to all the participants.

A Seminar on "Applications of Deep Learning"

Title: Applications of Deep Learning

Introduction to Event:

A Seminar on "Applications of Deep Learning" was conducted at Aditya Engineering College (A), Surampalem by the department of MCA to give insights to the faculty of MCA, CSE & IT on Deep Learning.

Event Date: 25-10-2017

Number of Days: 1 day

Co-ordinator: Mrs. T.Satya, Assoc. Professor, Department of MCA.

Agenda/Event Flow:

Introduction to Deep Learning Technologies, Gain practical knowledge about Machine Learning and Deep Learning Techniques. Implement classification and regression problems using deep learning algorithms. Implement Convolutional Neural Networks and Recurrent Neural Networks.

No. of Participants: 61

Resource Person: V.Rajasekhar ,

Associate Professor,

Raghu Engineering College.

Resource Persons' Profile:

V.Rajasekhar completed M. Tech in CSE. He is working as Associate Professor in CSE from 2015. His areas of interest are Machine learning , Deep Learning, Cyber Security, Ethical Hacking etc.

PRINCIPAL
Aditya Engineering College
SURAMPALAM

Venue: BGB Seminar Hall (Room No: 102)

Hospitality/Accommodation: No

Staffing:

Mr.H.Gautam, Asst. Professor, MCA department

Outcomes:

- Understand the fundamental concepts of Deep Learning Technology and its applications
- Gain practical knowledge about Machine Learning and Deep Learning Techniques.
- Implement classification and regression problems using deep learning algorithms.
- Implement Convolutional Neural Networks and Recurrent Neural Networks.

Conclusive Remarks:

Department of Information Technology organized a seminar on "Deep Learning". V.Rajasekhar who is working as Associate Professor, CSE Department, Raghu Engineering College, was invited to be the resource person. The resource person provided great insight into the area of research in Deep Learning and its applications. The seminar was highly appreciated by all attendees. The Q & A discussions during the seminar were very useful.
