

ADITYA ENGINEERING COLLEGE

An Autonomous Institution

Approved by AICTE • Permanently Affiliated to JNTUK • Accredited by NAAC with 'A' Grade

Recognised by UGC under sections 2(f) and 12(B) of UGC Act, 1956

Aditya Nagar, ADB Road, Surampalem - 533437, Near Kakinada, E.G.Dt., Ph:99498 76662

Number of professional development /administrative training programs organized by the institution for teaching and non teaching staff

Academic Year 2018-19

Workshops					
S.No	Title	Department	Date(s)	No. of Participants	Page Number
1	Workshop on Development of Robotic Bridge	CE	14-11-2018 to 14-11-2018	46	1
2	Workshop on industrial Design and Delivery (IDD)	CE	15-11-2018 to 17-11-2018	44	9
3	Workshop on Electric Vehicles	ME	16-07-2018 to 18-07-2018	46	17
4	Workshop on Sustainable Manufacturing and Industrial Applications	ME	21-08-2018 to 23-08-2018	48	25
5	Workshop on Emerging trends in Electronics & Communication Engineering	ECE	24-10-2018 to 24-10-2018	49	32
6	Workshop on R Programming	CSE	22-02-2019 to 22-02-2019	15	40
7	Training programme on file Management	CSE	13-11-2018 to 15-11-2018	15	44
8	Training programme on e-Governance	CSE	18-12-2018 to 20-12-2018	15	48
9	Workshop on Deep Learning in Computer Vision with Python Programming	CSE	16-05-2019 to 18-05-2019	48	52
10	Workshop on STOPE SURVEYING	Min.E	19-09-2018 to 19-09-2018	15	62
11	Workshop on SUSTAINABLE MINING	Min.E	09-05-2019 to 11-05-2019	15	68
12	Workshop on Novel Technology in Precision Agriculture	Ag.E	20-02-2019 to 20-02-2019	15	74

13	Hands on training program on Farm Tractor	Ag.E	05-02-2019 to 05-02-2019	15	80
14	Workshop on Mat lab for Engineering Mathematics	H&BS	09-07-2018 to 10-07-2018	46	85
15	Workshop on English Language Teaching (LSRW)	H&BS	09-08-2018 to 10-08-2018	43	93
16	Workshop on Semi Conductor Devices	H&BS	13-08-2018 to 14-08-2018	47	100
17	Workshop on Large Scale Certified Numerical Methods in Quantum Mechanics	H&BS	19-08-2018 to 20-08-2018	41	108
18	Workshop on spectroscopic techniques	H&BS	15-02-2019 to 16-02-2019	47	115
19	Training programme on E-Cap	H&BS	25-01-2019 to 25-01-2019	20	122
20	Workshop on E-Cap management	MS	16-11-2018 to 16-11-2018	15	126

ABOUT ADITYA ENGINEERING COLLEGE

Aditya Engineering College was established in the academic year 2001-02 under the aegis of Aditya Academy, Kakinada with the approval of AICTE and Affiliated to JNTU with an intake of 180 in three UG Courses in Engineering & Technology.

The College has four academic Buildings with a total carpet area of 35,425 Sq. Mts. apart from two boys hostels and one girls hostel buildings.

It is approved by AICTE, recognized by Govt. of Andhra Pradesh, permanently affiliated to Jawaharlal Nehru Technological University Kakinada (JNTUK) and is accredited by National Assessment And Accreditation Council (NAAC) with 'A' Grade. The college also received UGC recognition under Sections 2 (f) and 12 (B) of the UGC Act.

About the Department of Civil Engineering

'Apara Bhageeratha' - Sir Arthur Cotton remains revered and enjoys the pride of place in the hearts of the people in coastal Andhra Pradesh for being the genius architect behind the projects that made the delta region the 'Rice Bowl' for the state. With this inspiration taken from the genius architect, the department of Civil Engineering at Aditya transfers innovative applications to improve Civil Engineering practices which fulfill the requirements of civil construction industry.

ABOUT WORKSHOP

With a Robotic Bridge Maintenance System (RBMS), human operators can be removed from the dangerous work environment location under the bridge deck to a safe place on top of the deck. Robots will help minimise skill shortage problems, but will not replace humans, and will create demand for new types of skilled workers.

Agenda/Event Flow:

- Day:1 Introduction to Development of Robotic Bridge.
- Day:2 Purpose of Robotic Bridge.
- Day:3 Types of Robotic Bridge.

Outcomes

- o Participants have become familiarized with the modern trends in different engineering institutions and entities, depending on their field, describe "Development of Robotic Bridge" as a set of scientific or design principles.
- o Participants applied the knowledge gained in the designing of Innovative Structures.

Report on

“Workshop on Development of Robotic Bridge”

Title: A One-Day Workshop on “Development of Robotic Bridge”

Introduction to Event:

A 1-Day Workshop on “Development of Robotic Bridge” was conducted at Aditya Engineering College (A), Surampalem by the department of CE to make faculty learn how to create nature inspired solution to complex human challenges for healthy planet. With a Robotic Bridge Maintenance System (RBMS), human operators can be removed from the dangerous work environment location under the bridge deck to a safe place on top of the deck. There they can tele operate the robotic system without risking their health or their lives. Automating more of the construction process will help deliver infrastructure and buildings faster without needing to reduce headcount. Robots will help minimize skill shortage problems, but will not replace humans, and will create demand for new types of skilled workers.

Event Dates: 14-11-2018

Number of Days: 1-Day

Co-ordinator : Mr.Barla Konda Babu, Assistant Professor, Department of CE.

Agenda/Event Flow:

1. Introduction to Development of Robotic Bridge.
2. Purpose of Robotic Bridge.
3. Types of Robotic Bridge.

No. of Participants: 46

Experts with Designation: Dr. S.R.R. Senthil Kumar, Ph. D. Civil Engineering

Experts' Profile: Dr. S.R.R. Senthil Kumar,

UG - DCE - Civil Engineering (I Class)

B.E Civil Engineering (I Class)

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALEM - 533 437

PG – M.E Structural Engineering (I Class)

Ph. D – Civil Engineering

Venue: Cotton Bhavan Seminar Hall (Room No: 208), Seminar-hall, Aditya Engineering College.

Hospitality/Accommodation: Yes

Staffing:

1. Mr. Kanamarlapudi Pavan Kumar, Assistant Professor, Department of CE.
2. Mr. Akunuri Siva Venkata Nagaraju, Assistant Professor, Department of CE.

Outcomes:

- Participants have become familiarized with the modern trends in different engineering institutions and entities, depending on their field, describe “**Development of Robotic Bridge**” as a set of scientific or design principles.
- Participants applied the knowledge gained in the designing of Innovative Structures.

Conclusive Remarks:

This 1-Day workshop on “**Development of Robotic Bridge**” was conducted successfully fulfilling the goal of making faculty from CE department learn the “**Development of Robotic Bridge**” concepts. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty in the field of “**Development of Robotic Bridge**.” in Civil Engineering. This learning experience covered a wide breadth of topics from the key steps involved in design to how to maximize its performance besides reducing the area and delay.

The college also received UGC recognition under Sections 2(f) and 12 (B) of the UGC Act.

About the Department of Civil Engineering

'Apara Bhageeratha' - Sir Arthur Cotton remains revered and enjoys the pride of place in the hearts of the people in coastal Andhra Pradesh for being the genius architect behind the projects that made the delta region the 'Rice Bowl' for the state. With this inspiration taken from the genius architect, the department of Civil Engineering at Aditya transfers innovative applications to improve Civil Engineering practices which fulfill the requirements of civil construction industry.

ABOUT WORKSHOP

Design-build is a method of capital project delivery in which one design-build company works under a single contract with a project owner, providing all design and construction services. The project is completed by one team under one contract, providing a single cohesive flow of work from engineering to completion. Design-build approaches greatly reduce change management challenges and change orders that may occur in traditional approaches.

Agenda/Event Flow:

- Day:1 Introduction to Industrial Delivery and Design (IDD).
- Day:2 Price certainty and reduced financial unknowns.
- Day:3 Reduced issues around change management.

Outcomes

- ☐ Participants have become familiarized with the modern trends in different engineering institutions and entities, depending on their field, describe "Industrial Delivery and Design (IDD)" as a set of scientific or design principles.
- ☐ Participants applied the knowledge gained in the designing of Innovative Structures.

Workshop on "Industrial Delivery and Design (IDD)"

Title: A Workshop on "Industrial Delivery and Design (IDD)"

Introduction to Event:

A Workshop on "Industrial Delivery and Design (IDD)" was conducted at Aditya Engineering College (A), Surampalem by the department of CE to make faculty learn how to create nature inspired solution to complex human challenges for healthy planet. Design-build is a method of capital project delivery in which one design-build company works under a single contract with a project owner, providing all design and construction services. The project is completed by one team under one contract, providing a single cohesive flow of work from engineering to completion. Industrial design-build contracts may be used for projects within industries such as chemical, terminal and logistics, and energy. As opposed to design-bid-build project delivery methods, project owners know the fixed price upfront, ensuring total cost for all stages. This allows project owners to properly calculate ROI and reduce project risk. Design-build approaches greatly reduce change management challenges and change orders that may occur in traditional approaches due to lack of cohesion between the separate design and construction companies involved. Errors and omissions in design lead to construction change orders.

Event Dates: 15-11-2018 to 17-11-2018

Number of Days: Three-Days

Co-Ordinator: Mr. Kondamudi Vinod Kumar, Assistant Professor, Department of CE.

Agenda/Event Flow:

1. Introduction to Industrial Delivery and Design (IDD).
2. Price certainty and reduced financial unknowns.
3. Reduced issues around change management.

2. Mr. Mooraboina Eswar Kumar Yadav, Assistant Professor, Department of CE.

Outcomes:

- Participants have become familiarized with the modern trends in different engineering institutions and entities, depending on their field, describe “Industrial Delivery and Design (IDD)” as a set of scientific or design principles.
- Participants applied the knowledge gained in the designing of Innovative Structures.

Conclusive Remarks:

This 1-Day seminar on “Industrial Delivery and Design (IDD)” was conducted successfully fulfilling the goal of making faculty from CE department learn the “Industrial Delivery and Design (IDD)” concepts. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty in the field of “Industrial Delivery and Design (IDD)” in Civil Engineering. This learning experience covered a wide breadth of topics from the key steps involved in design to how to maximize its performance besides reducing the area and delay.

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

About the Institution:

Aditya Engineering College was established in the academic year 2001-02 under the aegis of Aditya Academy, Kakinada with the approval of AICTE and Affiliated to JNTU with an intake of 180 in three UG Courses in Engineering & Technology.

The College is situated in an eco-friendly area of 180 acres with thick greenery at Surampalem, Gandepalli Mandal, East Godavari District, Andhra Pradesh. The College is 15 KM away from Samalkot Railway Station on Howrah-Chennai Railway line in South Central Railway. The College is 35 Km away from Kakinada and Rajahmundry on ADB Road.

The college proudly offers 9 UG and 8 PG programmes in engineering, MCA, MBA and MBA (Integrated) with 15 years of rich standing in the educational era. Besides, the college has added many feathers in its cap which include AA+ Grade by Careers 360. It is approved by AICTE, recognized by Govt. of Andhra Pradesh, permanently affiliated to Jawaharlal Nehru Technological University Kakinada (JNTUK) and is accredited by National Assessment And Accreditation Council (NAAC) with 'A' Grade. The college also received UGC recognition under Sections 2(f) and 12 (B) of the UGC Act.

About the Mechanical Department :

The Mechanical Engineering department at Aditya has earned a place of high repute through its quality teaching rendered by highly qualified and experienced faculty with umpteen number of research publications in reputed journals like ASME, ELSEVIER etc. and rigorous practical training creating an ambience of excitement in all the stages of study.

The department lays impetus on hands-on training with the support of simulation packages such as CATIA, ANSYS, I-DEAS, PRO-E, UNIGRAPHICS and SOLID WORKS.

The professional activities include guest lectures, industrial visits, workshops, seminars, technical festivals VEDA and programs under Mechanical Engineering Students Association (MESA), collegiate club of the Society of Automotive Engineers (SAE) and Auto gear club.

The projects that received appreciation in various events organized at state and national level are Go-Kart, Quad bike, Solar powered wheel chair, LPG bike, Reaping Machine and many more such highly relevant contraptions.

Students are encouraged to do internships in reputed industries like TATA Motors PVT. LTD., Hindustan Shipyard, BHEL PVT. LTD., Bhilai Steel Plant, Bokaro Thermal Power Station, Nalco Mining Division etc.

Last Date for Submission of Registration form:
12/07/2018

Intimation of selection through mail: 14/07/2018

Resource Persons:

- 1) Mr. B Ajit, Asst. Prof, GVP
- 2) Dr. K Siva Prasad, Professor, ANITS
- 3) Dr. P S Ranjit, Professor, AEC

COURSE HIGHLIGHTS:

Electrical Vehicle (EV) is a prominent solution of fuel crises and environmental pollution for global transportation sector. This Faculty Development Programme (FDP) is designed to provide the emerging trends and advancements in Electric Vehicle and its infrastructure development. The Programme will focus on providing theoretical as well practical aspects of Electric Vehicle infrastructure development to the participants and thereby enable them to promote industry and institute collaborations by working on the current research problems.

- Brief Introduction to History and Architecture of EV
- Electric Vehicle Power train
- Electric propulsion units for EV/ HEV
- Power Converters for Electric Vehicle Applications
- Sizing of drive system of EV
- Optimal control of EV/HEV
- Energy Management Strategies
- Simulation of EV in MATLAB/ ADVISOR software

Outcomes:

- Explore the technical aspects, contemporary applications and Research opportunities in EV
- The participants will be familiarized to fundamentals of Electric Vehicles, its components such as battery, controllers, etc used in the Electric Vehicles
- Charging Battery Characteristics and its applications

Report on

Three Day Workshop on "Electric Vehicles"

Title:Electric Vehicles

Introduction to Event:

The Three Day Workshop on Electric Vehicles, aims to equip teachers, Research scholars, & PG students with skill and technology awareness of Electric vehicle architecture and dynamics. It also helps in healthy collaboration between Industry experts and faculties to further enhance innovation in Electric Vehicle Research & Development. The program provides a platform for academicians to be trained in design of high efficiency hybrid vehicles. The participants will be having hands on experience in modeling and control of hybrid vehicle design

Event Dates:16-07-2018to 18-07-2018

Number of Days:3 days

Co-ordinator:Mr.A.Satish, Asst.Professor, Department of ME.

Agenda/Event Flow:

Day-1: Historical Background and Introduction to EVs, Battery Parameters, Storage design and its Charging for EVs/HEVs

Day-2: Motors for Electric Vehicles, Chargers and Charging Station for Electric Vehicles

Day-3 :Power Train Design: DC-AC Converter for EV. Test, Feedback and Valediction

No. of Participants: 46

1. Experts with Designation: 1.Dr. Ajay Babu

Experts' Profile: Dr. Ajay Babu,Assistant Professor, Department of Electrical & Electronics Engineering, NSS College of Engineering, Palakkad

Venue: Cotton Bhavan Seminar Hall (Room No: 208)

Hospitality/Accommodation:Yes

Staffing:

Outcomes:

- Explore the technical aspects, contemporary applications and Research opportunities in EV
- The participants will be familiarized to fundamentals of Electric Vehicles, its components such as battery, controllers, etc used in the Electric Vehicles
- Charging Battery Characteristics and its applications
- Future Development approaches to real world problem

Conclusive Remarks:

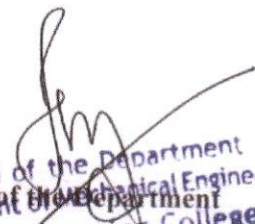

The resource person gave the lecture on "Electric Vehicle ". In his lecture, he explained about the various concepts of current automotive systems such as engine ignition systems, types of vehicles (hybrid, electric and gasoline), automated door opening and closing system, headlights and its customization and various additional features of current trends. 30 participants of attended the program. Vote of thanks was given by Ms V.Pragna, Assoc Professor, Department of Mechanical Engineering. All the attended participants gave their feedback after the session.

About FDP:

The present FDP deals about the advances in the field of materials and manufacturing. Mechanistic understanding from any discipline is the routes to the development of materials with capabilities beyond those currently available. In the present era, materials and manufacturing are the backbone of the economy of a nation. There is a strong motivation for optimizing the design and manufacturing process using experiments with high precision equipment and computational techniques for modeling the processes. Tool steels are being extensively used for high strength applications have to be machined for proper usage and longer working life. The finishing process in all manufacturing processes being grinding the usage of it to get good surface finish with suitable quality at a low cost is the industrial need.

Outcomes:

- Participants have become familiarized with the modern Sustainable and Green Manufacturing System
- Participants applied the knowledge gained in Sustainable Manufacturing

Three Day Workshop on "Sustainable Manufacturing and Industrial Application"

Title: Sustainable Manufacturing and Industrial Application

Introduction to Event: This workshop will focus on the different aspects of Sustainable Green Manufacturing. The importance of sustainability concepts will be discussed. These topics have great academic, industrial and R&D values in the current times. It is anticipated that the workshop will help the participants to understand the basics of sustainable green manufacturing and its three pillars viz. environment, economy and society. The participants will get familiar with the importance of the sustainable green manufacturing. The course will explore the current research trend in this interesting field which will encourage the participants to do research in this very active area. This course will also explore various aspects of the sustainable green manufacturing which will help the participants to improve their teaching skills in the subject. The potential benefit of attending this workshop are realized through acquiring knowledge on the values that sustainable green manufacturing brings to the manufacturing, design and consultancy industries.

Event Dates: 21-08-2018 to 23-08-2018

Number of Days: 3 days

Co-ordinator: Mrs V. Pragna, Assoc. Professor, Department of ME.

Agenda/Event Flow:

Day-1: Introduction to Sustainable Manufacturing

Day-2: Energy-Efficient Materials/Processes

Day-3: Artificial Intelligence in Sustainable Manufacturing

No. of Participants: 48

Experts with Designation: 1. Dr. P. V. Vinay, Professor

2. Dr. K. Siva Prasad, Professor

3. T. Srihari, Professor

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

Experts' Profile:

Dr P.VVinay working as Associate Profesoor in GVP Technologies Rushikonda Visakhapatnam

Dr K Sivaprasad Working as Professor in ANITS Visakhapatnam,

Dr T Srihari working as Professor in Aditya engineering College of Engineering and Technology, Surampalem

Venue: Bill Gates Ajivika , KI Rao Bahavan seminar hall

Hospitality/Accommodation:Yes

Staffing:

1. Mr Rajesh Kumar, Asst. Professor
2. Mr S.Subhrahmanyam,Asst.Professor

Outcomes:

- Participants have become familiarized with the modern Sustainable and Grren Manufacturing System
- Participantsapplied the knowledge gained in Sustainable Manufacturing

Conclusive Remarks:A total of 48 participants have registered for this Workshp. This Programme would serve to expose the participants to different aspects of Sustaibnable Manufacturing Process and to enhance their knowledge in Manufacturing domains

ABOUT ADITYA ENGINEERING COLLEGE

Aditya Engineering College was established in the academic year 2001-02 under the aegis of Aditya Academy, Kakinada with the approval of AICTE and Affiliated to JNTU with an intake of 180 in three UG Courses in Engineering & Technology. Sri Nallamilli Seshareddy, as a founder chairman, promoted the educational society in the name and style of Aditya Academy at Kakinada in the year 1984, with a vision and mission to create a platform for holistic growth and success for students at all levels.

The college is situated in an eco-friendly area of 180 acres with thick greenery at Surampalem, Gandepalli Mandal, East Godavari District, and Andhra Pradesh. Through diverse programs and updated curriculum by imparting industry exposure and hands-on skills, AEC trains its students into competitive and global professionals, imbued with ethical consciousness and social awareness. The sophisticated laboratories and research centres make it one of the most preferred institutions for the aspirants of engineering studies. It is approved by AICTE, recognized by Govt. of Andhra Pradesh, permanently affiliated to Jawaharlal Nehru Technological University Kakinada (JNTUK).

ABOUT THE DEPARTMENT

The Department was established in the year 2001 with an intake of 60 students. Intake was increased by 30 in the years 2004 and 2005. In 2011, the intake was increased to 180 and from 2015 onwards the strength was 240 in take. The department is offering graduation and post-graduation programs with PG specializations VLSI and Embedded Systems for enthusiastic students. With new ideas emerging relentlessly, both the UG and PG programs of Electronics and Communication Engineering Department try to excel by focusing on the needs of industry and society through student centric methodologies which is reflected in placements every year. The department is well-equipped with the state-of-art laboratories which encompass the wide area of applied and fundamental aspects of the prescribed curriculum as Contemporary industry ready. In addition, the department enables training on advanced technologies through Texas Instruments Innovation lab, E-Yantra Robotics Lab, Intel Intelligent Systems Lab etc. The faculty of the department persistently carries out research and are specialists from the fields of device electronics, signal and image processing, antennas, microwave & optical engineering, wireless communication, embedded systems and VLSI design.

Address for Correspondance

Mrs.B.Satya Sridevi
Assoc. Professor,ECE.

ABOUT FDP

This Workshop COVERS

- Inceptive, innovative and invaluable research developments, both application oriented and theoretical, in all possible domains of electronics and communication to a broad audience of academic researchers and industry practitioners.
- Focus on both electronics and communication fields equally a idea on its future scope.
- Introduction about newly developing.

OBJECTIVES

The main objective of the Program is:

- The programme is designed to enhance the learning and research skills of the participants, to make them aware about modern analytical tools and methodologies.
- To acquire knowledge about current technological developments in relevant fields
- The programme mainly focuses on Deep Learning Algorithms for solving real world problems

Report on

A One Day Workshop on "Emerging Trends in Electronics and Communication Engineering"

Title: Emerging Topics in ECE

Introduction to Event:

A One Day Workshop on "Emerging Trends in Electronics and Communication Engineering" was conducted at Aditya Engineering College (A), Surampalem by the department of ECE to make faculty learn how to consider design metrics. The objective of this programme is to impart the knowledge on R Social Media Platforms. These days, almost all social media platforms encourage businesses on their network, Video Channels, Live Chat. Customer Feedback, Call Centre Software, Video Conferencing, Text Messages and What's app Keeping this in view, the department has organized this Faculty Development programme for the benefit of the faculty.

Event Dates: 24-10-2018

Number of Days: 1 day

Co-ordinator: Mr. V.Sampath Kumar, Sr.Executive Associate, Corel Technologies, Hyderabad.

Agenda/Event Flow:

Introduction to Network, Video Channels, Live Chat. Customer Feedback, Call Centre Software, Video Conferencing, Text Messages and What's app.

No. of Participants: 49

Experts with Designation: Mr.V.Sampath Kumar, Sr.Executive Associate, Corel Technologies, Hyderabad.

Experts' Profile:

Mr. V.Sampath Kumar, Sr.Executive Associate, Corel Technologies, Hyderabad. He completed M.Tech. from JNTUH. His expertise is in implementing knowledge on R Social

Staffing:

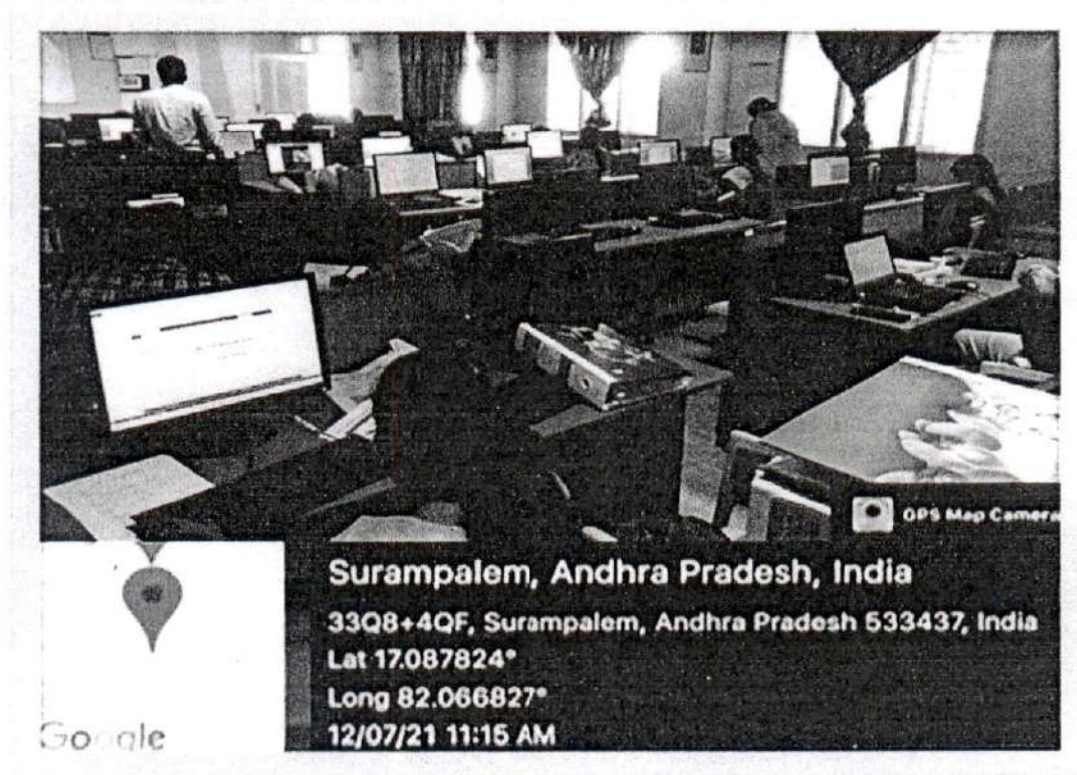

- Mr.S.Jagadeesh, Assoc. Professor
- Mr.A.Konda Babu, Asst. Professor

Outcomes:

- Participants have become familiarized with the Quality Improvement.

Conclusive Remarks:

This 1-Day Workshop was conducted successfully fulfilling the goal of making faculty from ECE department learn the Communication concepts. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge. This learning experience covered a wide breadth of topics from the key steps involved in system.

Report on 3- day Training programme on file Management

A 3-Day Training Programme on file Management was conducted at Aditya Engineering College (A), Surampalem by the department CSE. It provides an opportunity to effective computer filing system that can make a huge difference in everyday life. The department has organized this programme for the benefit of the programmers those involve in CSE and IT departments.

Event Dates: 13-11-2018 to 15-11-2018

Number of Days: 3 days

Co-ordinator: P.Sreelatha, Assistant Professor,,Dept. Of CSE.

Agenda/Event Flow:

Day-1 Operating system concepts.

Day-2 Drives, Folders and files in a hierarchical folder structure.

Day-3 File properties, operations

No. of Participants: 15

Experts with Designation:

K.Vydehi, Assistant Professor, CSE Department..

Venue: K.L. Rao Bhavan-122

Staffing:

1 Ch.Prasada Rao,
Associate Professor, Dept. of CSE

2 P.Srilata,
Asst. Professor, Dept. of CSE

Conclusive Remarks: This 3-Day programme was conducted successfully. As it was one of the good opportunities, all the participants were involved and interacted well. Participants gain more knowledge about organising files and folders, using a file manager, file properties, searching for files in their daily work. Finally, the program successfully came to end by giving necessary knowledge in the field of computer science. The resource person presented the topics with relevant examples and provided learning recourse to all the participants.

Date: 20.12.2018

A 3-Day Training Programme on e-Governance was conducted at Aditya Engineering College (A), Surampalem by the department CSE. It provides an opportunity to effective computer filing system that can make a huge difference in everyday life. The department has organized this programme for the benefit of the programmers those involve in CSE and IT departments.

Event Dates: 18-12-2018 to 20-12-2018

Number of Days: 3 days

Co-ordinator: P.Sreelatha, Assistant Professor, Dept. of CSE.

Agenda/Event Flow:

No. of Participants: 15

Experts with Designation:

K.Govindaraju, Associate Professor, CSE Department.

Venue: Billgates Bhavan-Room No 223

Staffing:

1 Ch.Prasada Rao,
Associate Professor, Dept. of CSE

Conclusive Remarks: This 3-Day programme was conducted successfully. As it was one of the good opportunities, all the participants were involved and interacted well. Participants gain more knowledge on e-Governance. The program successfully came to end by giving necessary knowledge. The resource person explained the topics with relevant examples and provided learning recourse to all the participants.

ABOUT ADITYA ENGINEERING COLLEGE

Aditya Engineering College was established in the academic year 2001-02 under the aegis of Aditya Academy, Kakinada with the approval of AICTE and Affiliated to JNTU with an intake of 180 in three UG Courses in Engineering & Technology. Sri.NallamilliSesha Reddy, as a founder chairman, promoted the educational society in the name and style of Aditya Academy at Kakinada in the year 1984, with a vision and mission to create a platform for holistic growth and success for students at all levels.

The College is situated in serene, scenic, well enabled and eco-friendly area of 180 acres with thick greenery at Surampalem, Gandepalli Mandal, East Godavari District, Andhra Pradesh. The College is 15 KM away from Samalkot Railway Station on Howrah-Chennai Railway line in South Central Railway. The College is 35 Km away from Kakinada and Rajahmundry on ADB Road. The college received UGC recognition under Sections 2(f) and 12 (B) of the UGC Act.

ABOUT DEPARTMENT OF

COMPUTER SCIENCE &ENGINEERING

The Department of Computer Science & Engineering is established with the inception of college in the year 2001. It administers bachelor's programs in Computer Science and Engineering with an intake of 180 students, as well as master's programs in Computer Science and Engineering with intake of 12 students and he skilled faculty members with high qualification are dynamic in teaching, research consultancy programs.

About FDP

The FDP is to provide insights on the topic "Deep Learning in Computer Vision with Python programming" for CSE&IT faculty.

Tentative Schedule

Day	Tentative Topic
Day-1	Deep Learning Techniques
Day-2	Computer Vision
Day-3	Python for Deep Learning

Resource Person:

Mr. Mrudang Pandya
Assistant Professor
Dept of CSE,
CHARUSAT University

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

Objectives

The main objective of the Program is:

- The program is designed to enhance the learning and research skills of the participants, to make them aware about modern analytical tools and methodologies. It provides an opportunity

- To acquire knowledge about current technological developments in relevant fields

Outcomes

To gain more knowledge about Evolutionary Algorithms and fuzzy logic

To implement-Evolution Algorithms and Swarm Algorithms

To implement Unsupervised learning methods.

ABOUT ADITYA ENGINEERING COLLEGE

Aditya Engineering College was established in the academic year 2001-02 under the aegis of Aditya Academy, Kakinada with the approval of AICTE and Affiliated to JNTU with an intake of 180 in three UG Courses in Engineering & Technology.

The College is situated in an eco-friendly area of 180 acres with thick greenery at Surampalem, Gandepalli Mandal, East Godavari District, Andhra Pradesh. The College is 15 KM away from Samalkot Railway Station on Howrah-Chennai Railway line in South Central Railway. The College is 35 Km away from Kakinada and Rajahmundry on ADB Road.

The College has four academic Buildings with a total carpet area of 44,524 Sq. Mts. apart from six boys hostels and two girls hostel buildings.

ABOUT DEPARTMENT OF MINING ENGINEERING

Take the road less travelled for employment at graduation level! It is this recent trend in the choice of courses at B. Tech. level that has led to the initiation of Mining Engineering Department at Aditya. Here students are trained in sound fundamental theories in engineering backed by state-of-the-art laboratories which include Mineral Engineering lab, Mine Environmental Engineering Lab and Geology Lab.

ABOUT WORKSHOP

surveying, a means of making relatively large-scale, accurate measurements of the Earth's surfaces. ... Surveying has been an essential element in the development of the human environment for so many centuries that its importance is often forgotten.

A total station (TS) or total station theodolite (TST) is an electronic/optical instrument used for surveying and building construction. ... Robotic or motorized total stations allow the operator to control the instrument from a distance via remote control.

OUTCOMES:

1. Able to estimate ore in the stope.
2. Study different stope surveying methods

RESOURCE PERSON

B.Venkateswara Rao,
Chief Surveyor,
Vizag Steel Limited,
Madavavaram,
Telangana.

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations with basic degree in relevant field of Mining Engineering.

REGISTRATION

Duly filled up registration form as per the format given in the brochure may be sent to the Coordinator so as to reach on or before **15th September 2018**. Registration is **free** for all.

ACCOMMODATION

Accommodation will be provided on request on first-come first-serve basis. For further information, please contact the Coordinator.

A Five Day Workshop on "Stope Surveying"

Title: "Stope Surveying"

Introduction to Event:

A one day Workshop on Stope surveying was Conducted at Aditya Engineering College (A) Surampalem by the Department of Mining Engineering to make faculty how to calculate quantity of ore removed. The objective of this programme is to impart the knowledge on different methods of stope surveying.

Event Dates: 19-09-2018.

Number of Days: 1 Day.

Coordinator Name: B.Rakesh, Assistant Professor Department of Mining Engineering

Agenda/Event Flow: Methods of stope surveying and related equipment awareness.

Expert Profile: B.V.Rao, Chief Surveyor, Vizag steel, Madaram dolomite ltd.

Venue: Cotton Bhavan Seminar Hall (Room No:208)

Hospitality/Accommodation: Yes

Number of participants: 15

Staffing: S.Sathish, Naseemuddin Ahmed

Outcomes:

- ❖ Participants got awareness on types of stope surveying.
- ❖ Participants able to apply methods based on applicable conditions.

PRINCIPAL

ABOUT ADITYA ENGINEERING COLLEGE

Aditya Engineering College was established in the academic year 2001-02 under the aegis of Aditya Academy, Kakinada with the approval of AICTE and Affiliated to JNTU with an intake of 180 in three UG Courses in Engineering & Technology.

The College is situated in an eco-friendly area of 180 acres with thick greenery at Surampalem, Gandepalli Mandal, East Godavari District, Andhra Pradesh. The College is 15 KM away from Samalkot Railway Station on Howrah-Chennai Railway line in South Central Railway. The College is 35 Km away from Kakinada and Rajahmundry on ADB Road.

The College has four academic Buildings with a total carpet area of 44,524 Sq. Mts. apart from six boys hostels and two girls hostel buildings.

ABOUT DEPARTMENT OF MINING ENGINEERING

Take the road less travelled for employment at graduation level! It is this recent trend in the choice of courses at B. Tech. level that has led to the initiation of Mining Engineering Department at Aditya. Here students are trained in sound fundamental theories in engineering backed by state-of-the-art laboratories which include Mineral Engineering lab, Mine Environmental Engineering Lab and Mining Geology Lab.

ABOUT WORKSHOP

India has formulated several regulatory and legal mechanisms to promote environmentally sustainable mining which includes **mandatory environmental impact assessment, forest clearance provisions, coastal zone regulations, water and air pollution prevention act, adherence to the sustainable development** Sustainable mining is **when we conduct essential resource extraction while improving social, economic and environmental outcomes.**

OUTCOMES:

1. Able to do mining safely as per norms.
2. Able to do ecofriendly mining.

RESOURCE PERSON

B.Sreenivas Rao,
Mines manager,
BRR group of mines,
Madavavaram,
Telangana.

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations with basic degree in relevant field of Mining Engineering.

REGISTRATION

Duly filled up registration form as per the format given in the brochure may be sent to the Coordinator so as to reach on or before **07th May 2019**. Registration is **free** for all.

ACCOMMODATION

Accommodation will be provided on request on first-come first-serve basis. For further information, please contact the Coordinator.

Workshop on "Sustainable mining"

Title: "Sustainable mining"

Introduction to Event:

A three day Workshop on Stope surveying was Conducted at Aditya Engineering College (A) Surampalem by the Department of Mining Engineering to make faculty how to do mining safely & environment friendly.. The objective of this programme is to impart the knowledge on standards of legislation for doing mining safely.

Event Dates: 09-05-2019 to 11-05-2019

Number of Days: 3 Days

Coordinator Name: G.D.N.Santhoshi, Assistant Professor Department of Mining Engineering

Agenda/Event Flow: Awareness on standards ,safety and environment friendly mining.

Expert Profile: B.Sreenivasrao, Mines manager, B.R.R Mines, Madaram (Telangana)

Venue: Cotton Bhavan Seminar Hall (Room No:208)

Hospitality/Accommodation: Yes

Staffing: Rajankumar Gupta, Naseemuddinahamed

Number of participants: 15

Outcomes:

- ❖ Participants got awareness on safety aspects of mining.
- ❖ Participants able to check environmental aspects.

ABOUT ADITYA ENGINEERING COLLEGE

Aditya Engineering College was established in the academic year 2001-02 under the aegis of Aditya Academy, Kakinada with the approval of AICTE and Affiliated to JNTU with an intake of 180 in three UG Courses in Engineering & Technology.

The College is situated in an eco-friendly area of 180 acres with thick greenery at Surampalem, Gandepalli Mandal, East Godavari District, Andhra Pradesh. The College is 15 KM away from Samalkot Railway Station on Howrah-Chennai Railway line in South Central Railway. The College is 35 Km away from Kakinada and Rajahmundry on ADB Road.

The College has four academic Buildings with a total carpet area of 44,524 Sq. Mts. apart from two boys hostels and one girls hostel buildings.

ABOUT DEPARTMENT OF AGRICULTURAL ENGINEERING

Aditya Engineering College established the Department of Agricultural Engineering (Ag. E) in 2014 with an initial intake of 60 students. The department has the professional association with research centers. The skilled faculty members with high qualification are dynamic in teaching, research consultancy programs.

ABOUT WORKSHOP

The purpose of the workshop is to help make an inventory of the current precision agriculture solutions that have been proven to work, and of the needs and constraints of their users, in order to pave the way for a more extensive use of effective satellite services.

Objective

The main objective of the program is:

To get Information on soil parameters (humidity, fertilizer content, crop maturity or disease) derived from Earth Observation satellites.

To obtain actionable information from sensors and data analysis software in order to achieve efficiency in farm practices.

RESOURCE PERSON

Dr. Caroline Rathinakumari
Scientist
IIHR, Bangalore.

ELIGIBILITY

The course is open to faculty from AICTE approved Engineering colleges / Institutions and working professionals from Industries / R&D organizations with basic degree in relevant field of Agricultural Engineering.

About Training Programme

This was a one day designed program to educate and empower technicians about agricultural tractors. During the class, they demystified tractors to improve their understanding of how tractors are designed to work; how to operate them safely and effectively; and how to perform regular and basic maintenance tasks.

Outcomes

Participants will learn how to handle tractors and equipment safely, how to identify hazards, and how to minimize the chances of accidents.

ABOUT ADITYA ENGINEERING COLLEGE

Aditya Engineering College was established in the academic year 2001-02 under the aegis of Aditya Academy, Kakinada with the approval of AICTE and Affiliated to JNTU with an intake of 180 in three UG Courses in Engineering & Technology. Sri Nallamilli Seshareddy, as a founder chairman, promoted the educational society in the name and style of Aditya Academy at Kakinada in the year 1984, with a vision and mission to create a platform for holistic growth and success for students at all levels.

The College is situated in a serene, scenic, wi-fi enabled and eco-friendly area of 180 acres with thick greenery at Surampalem, Gandepalli Mandal, East Godavari District, Andhra Pradesh. The College is 15 KM away from Samalkot Railway Station on Howrah-Chennai Railway line in South Central Railway. The College is 35 Km away from Kakinada and Rajahmundry on ADB Road. The college received UGC recognition under Sections 2(f) and 12 (B) of the UGC Act.

ABOUT DEPARTMENT

H&BS is the prime department in AEC. The department is a fusion of fundamental subjects – English, Mathematics, Chemistry, Physics and Environmental Studies. The primary goal of the department is to imbibe the fundamentals of the subjects to lay a foundation for engineering education in the students. The students are taught and trained by a well-experienced and expertise faculty providing the learners an opportunity to acquire knowledge through a hands-on approach in smart classrooms and well-established laboratories.

About WORKSHOP

The Workshop provides a gentle introduction to the MATLAB computing environment, and is intended for beginning users and those looking for a review. It is designed to give participants a basic understanding of MATLAB.

Tentative Schedule:

Date	Tentative Topic
09-08-18	Basic syntax, Operations on matrices, 2D & 3D Plotting
10-08-18	Solution of simultaneous linear equation & non-linear equation, Solution of ordinary differential equations, Numerical Integration

Resource Person:

Dr. G. Balaji Prakash,
Associate Professor, K L University
Vaddeswaram

Objectives

The main objective of the Program is:

1. to Understanding the MATLAB environment
2. to be able to do simple calculations using MATLAB
3. to be able to carry out simple numerical computations, analysis and graphics using MATLAB

Outcomes

1. The main features of the MATLAB development environment
2. Basic syntax, Looping, 2D & 3D Plotting
3. Write simple programs in MATLAB to solve the scientific and mathematical problem

Workshop on "MATLAB for Engineering Mathematics"

Title: MATLAB for Engineering Mathematics

Introduction to Event:

A Workshop on "MATLAB for Engineering Mathematics" was conducted at Aditya Engineering College (A), Surampalem by the department of H&BS to give a basic understanding of MATLAB to the faculty. The objective of this programme is being able to carry out simple numerical computations, analysis and graphics using MATLAB.

Event Dates: 09-07-2018 to 10-07-2018

Number of Days: 2 days

Co-ordinator: Dr.B.Krishnaveni, Professor, Department of H&BS.

Agenda/Event Flow:

Day-1: Basic syntax, Operations on matrices, 2D & 3D Plotting

Day-2: Solution of the simultaneous linear equation & non-linear equation, Solution of ordinary differential equation, Numerical Integration

No. of Participants: 46

Experts with Designation: 1. Dr.G.Balaji Prakash,

Assoc.Professor, Department of Mathematics,

KL University, Vaddeswaram

Experts' Profile:

Dr.G.Balaji Prakash,

He completed Ph.D. from GITAM University, and has published 4 research papers in various national and international journals. He has 15 years of Experience at different Engineering colleges. His area of interest is in the field of Mathematics is Fluid Dynamics.

Venue: Bill gates Bhavan (Room No: 007)

Hospitality/Accommodation: Yes

Principal
ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

Staffing:

1. Mr. V. Venkatakumar, Assoc. Professor
2. Ms. N. Selvamalar, Assoc. Professor

Outcomes:

- Understand the main features of the MATLAB development environment
- Write simple programs in MATLAB to solve a scientific and mathematical problems.

Conclusive Remarks:

This 2-Day programme was conducted successfully fulfilling the goal of making faculty from the H&BS department to learn the Basic syntax, Looping, 2D & 3D Plotting Using MATLAB. As it was one of the good opportunities, all the participants were involved and interacted well. Finally It is designed to give participants a basic understanding of MATLAB with well practice sessions.

Practice session on MATLAB

ABOUT ADITYA ACADEMY

Aditya Engineering College was established in the academic year 2001-02 under the aegis of Aditya Academy, Kakinada with the approval of AICTE and Affiliated to JNTU with an intake of 180 in three UG Courses in Engineering & Technology. Sri Nallamilli Seshareddy, as a founder chairman, promoted the educational society in the name and style of Aditya Academy at Kakinada in the year 1984, with a vision and mission to create a platform for holistic growth and success for students at all levels.

The College is situated in serene, scenic, wi-fi enabled and eco-friendly area of 180 acres with thick greenery at Surampalem, Gandepalli Mandal, East Godavari District, Andhra Pradesh. The College is 15 KM away from Samalkot Railway Station on Howrah-Chennai Railway line in South Central Railway. The College is 35 Km away from Kakinada and Rajahmundry on ADB Road. The college received UGC recognition under Sections 2(f) and 12 (B) of the UGC Act.

ABOUT THE DEPARTMENT

The Department of Humanities and Basic Sciences is a prime department in AEC. The department is a fusion of fundamental subjects – English, Mathematics, Chemistry, Physics and Environmental Studies. The primary goal of the department is to imbibe the fundamentals of the subjects to lay a foundation for engineering education in the students. The students are taught and trained by a well experienced and expertise faculty providing the learners an opportunity to acquire knowledge through hands on approach at smart classrooms and well established laboratories.

ABOUT PROGRAMME

DATE	TENTATIVE TOPIC
09/08/2018	Introduction to the programme and the importance of the english language
10/08/2018	Assessment Design and Mapping Outcomes, Course Plan, and Rubrics design based on OBE

ABOUT WORKSHOP

English Language Teaching education is very essential a system where all the parts and aspects of education are focused on the outcomes of the course. The students take up courses with a certain goal of developing skills or gaining knowledge and they have to complete the goal by end of the course.

Objectives:

- To discuss and demonstrate key principles of teaching vocabulary effectively
- To discuss examples of skills that CLIL teaching will build on
- To look at how teachers can help their learners record vocabulary

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALEM - 533 437

OUTCOMES:

- Faculty will be able to know more about the importance of English language.
- Faculties will be able to use four language skills (LSRW) in the classroom to make their lecture effective.
- They will be able to conduct some activities as practice sessions

A Two-day Workshop on "English Language Teaching(LSRW)"

Title: Workshop on "English Language Teaching(LSRW)"

Introduction to Event:

A Two-day Workshop on "English Language teaching (LSRW)" was conducted at Aditya Engineering College (A), Surampalem by the department of Humanities and Basic Sciences to enhance the knowledge about the importance of English Language Teaching(LSRW), and its implications in teaching. The main objective of this programme is to educate the young as well as the senior faculty members to know how to reorient their teaching-learning process to implement these LSRW skills in the classroom to make the student confident in using language.

Event Dates: 09-08-2018 to 10-08-2018

Number of Days: 2 days

Co-ordinator: Mr. J Bala Rajasekhar, Asst. Professor, Department of H&BS

Agenda/Event Flow:

Day-1: Introduction to the English Language Teaching

Day-2: Practice session on LSRW

No. of Participants: 43

Expert's with Designation: 1. Dr. B Siva Nagayya
Professor
K L University, Vijayawada

Experts' Profile: Dr. B Siva Nagayya was awarded Ph.D. from Acharya Nagarjuna University in the year 2012. He has been Guiding research scholars and publishing Research papers in the area of Literature, Language, and Linguistics.

Venue: Bill Gates Bhavan Seminar Hall (Room No: 301)

Hospitality/Accommodation: Yes

PRINCIPAL
ADITYA ENGINEERING COLLEGE

Staffing:

1. Dr. M.S.C Sofia Professor of English
2. B. Rambabu, Asst. Professor

Outcomes:

- Faculty will be able to know more about the importance of English language.
- Faculties will be able to use four language skills (LSRW) in the classroom to make their lecture effective.
- They will be able to conduct some activities as practice sessions

Conclusive Remarks:

The significance of the Workshop on English Language Teaching (LSRW) is to make the teacher more confident in using the four language skills. The speaker provided various levels of assistance to faculties in understanding the concepts. There was a thorough discussion and more practice sessions. All the faculty members have participated in the activities effectively and enthusiastically. The session

concluded with a vote of thanks by Mr. j Bala Rajasekhar, Asst. Professor.

ABOUT PROGRAMME

DATE	TENTATIVE TOPIC
13/08/2018	Metal-Semiconductor (MS) Junctions
14/08/2018	Metal Oxide Semiconductor Field Effect Transistors (MOSFET)

ABOUT WORKSHOP

Semiconducting Physics is one of the fastest growing field in Science and Engineering. Therefore worldwide researchers focus on exploring newer methods for the preparation and characterization of semiconducting materials, followed by investigating their feasibility in different applications.

Objectives:

- To understand the emerging trends and challenges.
- To provide a platform for clear ideas regarding various synthesis methods and characterization of Semiconducting materials and their engineering applications.

OUTCOMES:

Engineer and innovate on device design and even construct new devices intended for special applications in circuits. There is special emphasize placed on this aspect.

Learn the fundamentals of circuit design and observe how device properties and device design impact circuit behaviour (eg. dc and ac response, noise).

A 2-Day Workshop on "Semiconducting Devices"

Title: Semiconducting Devices

Introduction to Event:

A 2-Day workshop on "Semiconducting Devices" was conducted at Aditya Engineering College (A), Surampalem by the department of H&BS to make faculty learn the fundamentals of Semiconductors. The objective of this programme is to impart the knowledge on current and future applications of semiconducting materials will be reviewed with respect to their impact in commercial products and technologies. Shows how to build circuits using three common types of semiconductor components: diodes, transistors, and operational amplifiers. Allowing a better understanding of how to use diodes to control the direction that current flows through a circuit. Shows how to use diodes to protect your circuits from large amplitude signals, reverse current, and flyback voltage working with transistors, demonstrating how they can be used to control the amount of current flowing through a circuit, and examining common types of transistors such as BJTs and MOSFETs. Covering one of the most useful electronic components—operational amplifiers. Keeping this in view, the department has organized this workshop programme for the benefit of the faculty.

Event Dates: 13-08-2018 to 14-08-2018

Number of Days: 2 days

Co-ordinator: Dr.T.Narendrudu, Professor, Department of H&BS.

Agenda/Event Flow:

Day-1: Metal-Semiconductor (MS) Junctions

Day-2: Metal Oxide Semiconductor Field Effect Transistors (MOSFET)

No. of Participants: 47

Experts with Designation: Dr. K.Raghu Babu,
Professor of Physics,
Andhra University, AP

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

Experts' Profile:

Dr. K.Raghu Babu, Professor of Physics, Andhra University, AP.

He obtained his Ph.D. in Physics in 1995. He is working as a Professor in Physics in Andhra University since 1995. His expertise is in the field of Semiconductors.

Venue: Bill Gates Bhavan Seminar Hall (Room No: 301)

Hospitality/Accommodation: Yes

Staffing:

1. Dr.G.Chinna Ram, Assoc. Professor
2. Ms.G.Ratna Kumari, Asst. Professor

Outcomes:

- Engineer and innovate on device design and even construct new devices intended for special applications in circuits. There is special emphasize placed on this aspect
- Learn the fundamentals of circuit design and observe how device properties and device design impact circuit behaviour (eg. dc and ac response, noise).

Conclusive Remarks:

This 3-Day programme was conducted successfully fulfilling the goal of making faculty from H&BS department learn the concepts of Semiconductor Devices. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty in the field Semiconductor Devices. This learning experience covered a wide breadth of topics from the key steps involved in selecting a suitable material for different practical applications. This training showcased a wide variety of examples.

ABOUT ADITYA ENGINEERING COLLEGE

Aditya Engineering College was established in the academic year 2001-02 under the aegis of Aditya Academy, Kakinada with the approval of AICTE and Affiliated to JNTU with an intake of 180 in three UG Courses in Engineering & Technology. Sri Nallamilli Seshareddy, as a founder chairman, promoted the educational society in the name and style of Aditya Academy at Kakinada in the year 1984, with a vision and mission to create a platform for holistic growth and success for students at all levels.

The College is situated in serene, scenic, wi-fi enabled and eco-friendly area of 180 acres with thick greenery at Surampalem, Gandepalli Mandal, East Godavari District, Andhra Pradesh. The College is 15 KM away from Samalkot Railway Station on Howrah-Chennai Railway line in South Central Railway. The College is 35 Km away from Kakinada and Rajahmundry on ADB Road. The college received UGC recognition under Sections 2(f) and 12 (B) of the UGC Act.

ABOUT THE DEPARTMENT

The Department of Humanities and Basic Sciences is a prime department in AEC. The department is a fusion of fundamental subjects – English, Mathematics, Chemistry, Physics and Environmental Studies. The primary goal of the department is to imbibe the fundamentals of the subjects to lay a foundation for engineering education in the students. The students are taught and trained by a well experienced and expertise faculty providing the learners an opportunity to acquire knowledge through hands on approach at smart classrooms and well established laboratories.

ABOUT PROGRAMME

DATE	TENTATIVE TOPIC
19/08/2018	Introduction of Quantum Mechanics
20/08/2018	Applications of Quantum Mechanics

ABOUT WORKSHOP

It provides an introduction to numerical methods and techniques useful for the numerical solution of quantum mechanical problems, especially in atomic and condensed-matter physics.

Objectives:

- To make aware about the basic formulations in quantum mechanics. There are many different types of representations of state and operators.
- About hermitian operators, their eigenvalues and eigenvectors about various commutation and uncertainty relations, unitary transformations, dirac delta function, matrix representation of operators and their applications.

OUTCOMES:

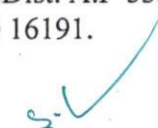

They will be knowing all types of representations of operators and ways to apply them in different problems. Able to solve the hydrogen atom problem by using quantum mechanics. 3. Students learned about time independent degenerate and non degenerate perturbations and to apply them in harmonic oscillator.

A 2-Day Workshop on "Large Scale Certified Numerical Methods in Quantum Mechanics"

Title: Large Scale Certified Numerical Methods in Quantum Mechanics

Introduction to Event:

A 2-Day workshop on "Large Scale Certified Numerical Methods in Quantum Mechanics" was conducted at Aditya Engineering College (A), Surampalem by the department of H&BS to make faculty learn the introduction of numerical methods and techniques useful for the numerical solution of quantum mechanical problems, especially in atomic and condensed-matter physics. The course is organized as a series of theoretical lessons in which the physical problems and the numerical concepts needed for their resolution are presented, followed by practical sessions in which examples of implementation for specific simple problems are presented. Solutions for specific (quantized) values of the total energy and analytically formulated Quantum Mechanical eigenvalue problem to a numerical form which can be handled by existing (or novel) numerical solvers. The objective of this programme is to impart the knowledge on current and future applications of Quantum Mechanics. Keeping this in view, the department has organized this workshop programme for the benefit of the faculty.

Event Dates: 19-08-2018 to 20-08-2018

ABOUT ADITYA ACADEMY

Aditya academy has made its entry into the educational arena in the year 1984. In succession and with rapid strides, the group established a number of Junior Colleges, Degree Colleges, PG Colleges, Engineering Colleges, Pharmacy Colleges, Nursing Colleges and Teacher Training Institutions. The silver-jubilee educational group with 50,000 students in 50 institutions with 5000 staff across three districts in Andhra Pradesh has become the standard bearer for quality education. In every stream, Aditya has become a spring board for success through its powered vision, constant innovation and professional excellence.

ABOUT ADITYA GROUP OF ENGINEERING COLLEGES

Aditya group of Engineering Colleges are situated in a serene, scenic, Wi-Fi enabled campus in Surampalem (between Kakinada and Rajahmundry in East Godavari District of Andhra Pradesh). Aditya Engineering Colleges are frontrunners in providing quality engineering education with a fair share of fun. The colleges have grown up to the extent of enrolling 7500 students, 500 faculties and 400 supporting staff. Apart from continuous improvement of quality in teaching, the colleges lay significant emphasis on excellence in Research & Development. Excellence is achieved through 'freedom with a purpose' and the purpose is overall development of all the people involved viz., students, faculty and staff.

ABOUT ADITYA ENGINEERING COLLEGE

Aditya Engineering College(A) was established in the year 2000. It is in top 10 institutions in engineering education in terms of academics & placements in AP. The College offers UG programs in CE, EEE, ME, ECE, CSE, IT, Min.E, PT & Ag. E and PG programs in MCA, MBA, M.Tech. AEC has state of the art infrastructure, resources, well furnished lecture halls, highly equipped labs and library. Aditya Engineering College(A) was accredited by NAAC.

ABOUT DEPARTMENT

The Department of Humanities and Basic Sciences is a prime department in AEC. The department is a fusion of fundamental subjects – English, Mathematics, Chemistry, Physics and Environmental Studies. The primary goal of the department is to imbibe the fundamentals of the subjects to lay a foundation for engineering education in the students. The students are taught and trained by a well experienced and expertise faculty providing the learners an opportunity to acquire knowledge through hands on approach at smart classrooms and well established laboratories.

ABOUT WORKSHOP

This spectroscopic techniques very useful in research and different fields.

Objectives:

- To understand the spectroscopic techniques.
- To explain Advanced spectroscopic techniques.

Action of plan:

15-02-2019: Introduction of spectroscopic techniques.
16-02-2019: Methodology of Spectroscopic techniques.

Outcomes:

1. To get the knowledge on spectrometers usage.
2. To get the knowledge on Sample characterization.

“Workshop on Spectroscopic Techniques”

Title: Workshop on Spectroscopic techniques.

Introduction to Event:

A Workshop on “Spectroscopic Techniques” was conducted at Aditya Engineering College (A), Surampalem by the department of H&BS to make faculty learn Workshop on Spectroscopic techniques. The objective of this programme is to impart the knowledge on applications of Spectroscopic techniques.

Event Dates: 15-02-2019 to 16-02-2019

Number of Days: 2 day

Co-ordinator: Mrs. K. Mrudula Devi

Agenda/Event Flow:

Day-1: Workshop on Spectroscopic techniques.

No. of Participants: 47

Experts with Designation: 1. Dr. G. Ganesh,
Dept of Chemistry,
Humanities and Basic Sciences,
Aditya Engineering college(A).

Experts' Profile:

Dr.G.Ganesh.

He completed Ph.D. from National Tshing Hua University Taiwan (ROC) in 2012, and has published 11 research papers in various national and international journals, 1 patent, 6 Book chapters. He has 5 years of teaching experience.

About the Training Programme:

Department of Humanities and Basic Sciences is organizing a training programme on E-Cap. The presentation of Engineering College Automation Package, Designed and developed by Webpros Solutions Pvt Ltd, Visakhapatnam. The software hereinafter referred as ECAP, fulfills all the requirements of Engineering Colleges including integrated campuses offering Undergraduate and Post Graduate courses. E-Cap aims at immediate availability of data in required formats, ease the work of staff and management and increase in transparency and accountability in administration.

Outcomes:

- Reach their full potential in using E-Cap.
- Achieve a complete understanding about internet and intranet applications.
- Use the correct procedure in entering the attendance and marks.

Address for correspondence:

Mr. J Bala Rajasekhar,
Assistant Professor,
Department of H&BS,
Aditya Engineering College,
E.G.Dist., A.P- 533437.
