Report on

A 3-Day Workshop on "Outcome Based Education (OBE)"

Title: Workshop on Outcome Based Education.

Introduction to Event:

A 3-Day Workshop on "Outcome Based Education" was conducted at Aditya Engineering College (A), Surampalem by the department of IQAC to make faculty learn the processes of Outcome Based Education. In order to meet the current trends, faculty need to equip with the basic knowledge of OBE. Keeping this in view, the IQAC Committee has organized this Workshop for the benefit of the faculty.

Event Dates: 08-09-2021 to 13-09-2021

Number of Days: 3 days

Coordinator : J.Pavani, Asst. Professor, Department of Ag.E.

Agenda/Event Flow:

Day-1: Overview of OBE

Day-2: Blooms Taxonomy

Day-3: CO & PO Attainment.

No. of Participants: 29

Experts with Designation: Dr. V.V. Kamesh, Professor, Department of Mechanical Engineering, Aditya Engineering College.

Experts' Profile: Dr.V.V. Kamesh, has more than 20 years of experience as Professor in Aditya Engineering College. He completed his Ph.D from Jawaharlal Technological University Kakinada and M.Tech from Mimra College of Engineering and Technology. He is working as Professor in Aditya Engineering College.

Venue: KL Rao Bhavan Seminar Hall

Hospitality/Accommodation: No

Staffing:

1. Mr. Venkatesh Maganti, Asst. Professor
2. Ms. Gayam Sujatha, Asst. Professor

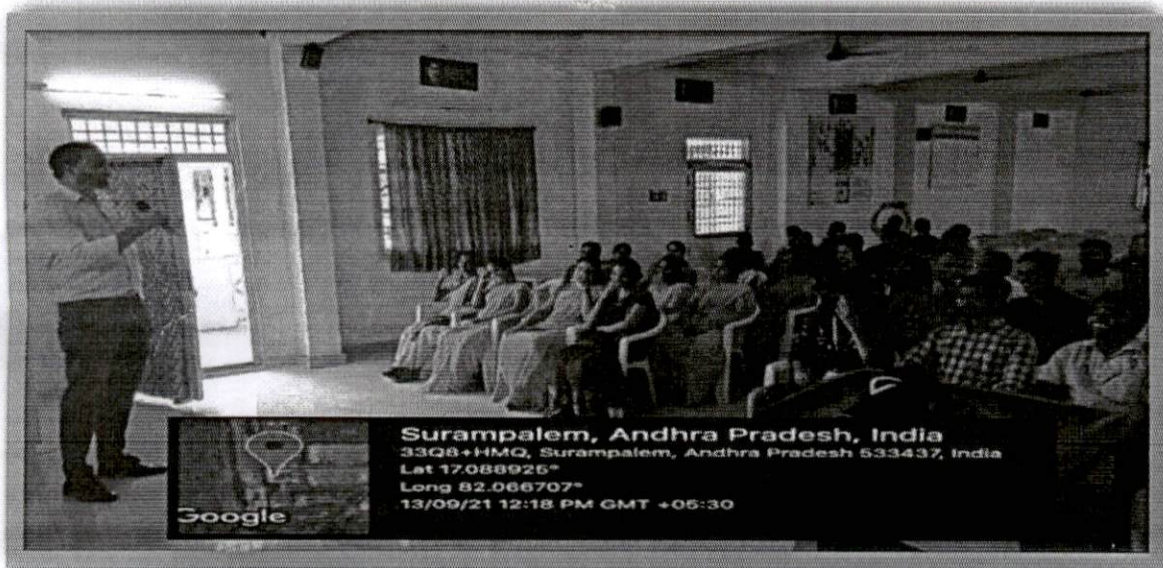

Outcomes:

PRINCIPAL
ADITYA ENGINEERING COLLEGE
SURAMPALAM - 533 437

- Participants have become familiarized with the Outcome Based Education.
- Participants applied the knowledge gained in the comparison between Traditional and Outcome Based Education Systems.

Conclusive Remarks:

This 3-Day programme was conducted successfully fulfilling the goal of making faculty learn the analysis of Outcome Based Education. As it was one of the good opportunities, all the participants were involved and interacted well. Finally, the program successfully came to end by giving necessary knowledge to faculty in the field of Outcome Based Education system. This learning experience covered a wide breadth of topics from the Overview of OBE, Blooms Taxonomy and CO& PO Attainment. This training showcased a wide variety of examples to illustrate the key points in Outcome Based Education.

Title: One-day Training Programme on " Quality Improvement and Human Resources Management in Engineering Education".

Date: 07th December 2021

Preamble:

A One-day workshop on " Quality Improvement and Human Resources Management in Engineering Education" has been conducted on 07th December, 2021, at Aditya Engineering College(Autonomous), Surampalem in order to improve the Institute's quality in terms of Research, Publications, Industrial Consultancy, Culture and Technology Transfer among the near and far technical community through innovative thinking process. This workshop has been organized by Department of ECE, Aditya Engineering College(Autonomous), Surampalem in collaboration with Centre for Continuing Education, IIT-Madras. At the end of the day, all the participants received a copy of the workshop proceedings in a printed booklet along with participation certificates.

Participant's Profile:

A total of 30 delegates from level of Vice-Chairman, Principal, Deans, HoDs, and the members of the Statutory body, were participated.

Workshop Agenda:

- 09:00 to 09:30 - Inaugural Session
- 09:30 to 11:00 -Introduction &Intra-departmental ranking
- 11:00 to 12:30 - Improving research visibility
- 14:00 to 15:30 - QS university ranking and NIRF metrics
- 15:30 to 17:00 - Book writing and patent filing
- 17:00 to 18:00 - concluding remarks, Feedback, discussion session
- 18:00 to 18:30 - valedictory Session

Description about the Program:

On the inaugural function, Dr M. Sreenivasa Reddy, Principal, Aditya Engineering College(Autonomous), Surampalem participated as Chief Guest. In his Chief guest address, he emphasized the role of the faculty empowerment towards the development of potential minds, innovative thinking, rigorous student-interaction and knowledge sharing between various national/international institutes. In this regard, each faculty member should acquire metrics as per the international standards.

Workshop on Quality Improvement and H.R. Management in Engineering education

Client: Aditya Engineering College (Autonomous), Surampalem, Andhra Pradesh

Organized by Centre of Continuing Education, IIT Madras

Quality improvement in terms of research, publications, industrial consultancy, and Technology transfer are vital for the growth of any academic institution. It is also important to hold a decent place in the Q.S. world rankings and NIRF rankings within India. The main objective of this workshop is to orient the thinking process of the participants towards high-ranking goals in the mentioned domains through interactive sessions and object-oriented lectures. Lectures are planned in SIX sessions in the interactive mode. Topics are chosen to address the niche areas of quality enhancements in teaching, research, publications, and overall visibility of academic perception.

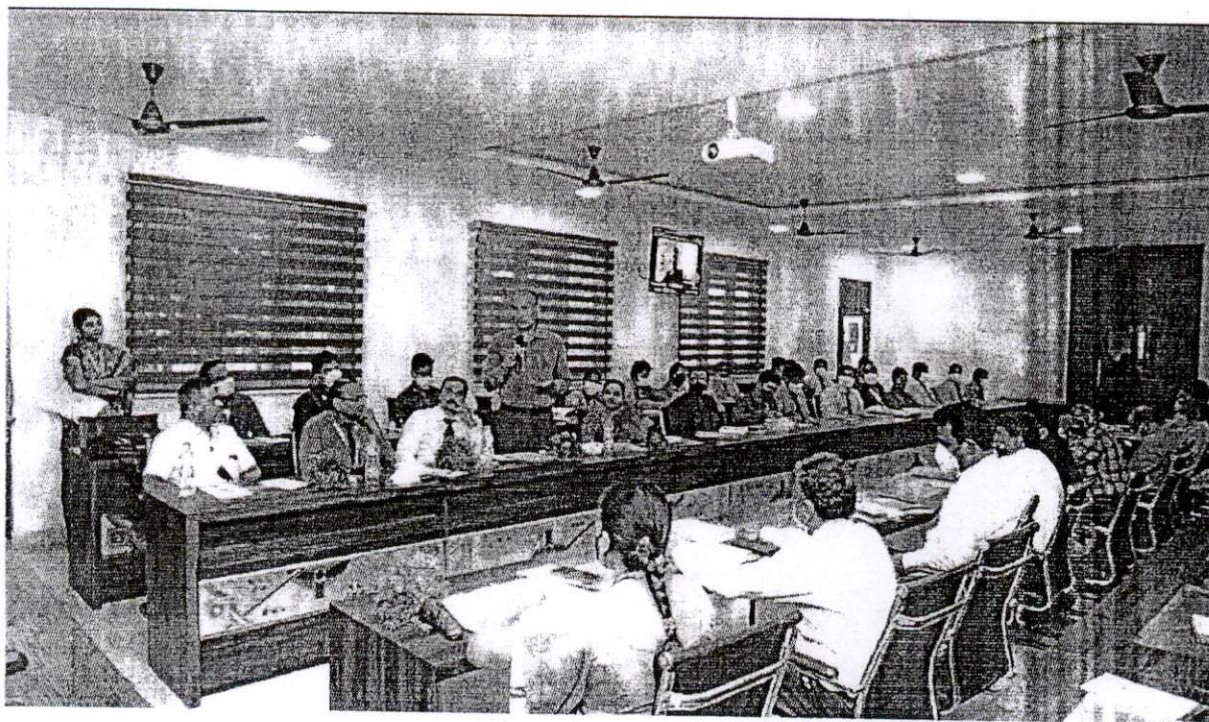

Resource persons:

- Prof. Srinivasan Chandrasekaran** is the workshop coordinator and is a Professor (Higher Academic Grade) with a structural engineering major in the Dept. of Ocean Engineering, Indian Institute of Technology Madras. He commands a rich experience in teaching, research, and industrial consultancy of about 29 years. His active research areas include dynamic analysis and design of offshore structures, Structural health monitoring of ocean structures, Risk and Reliability, Fire resistant design of structures, use of Functionally Graded Materials (FGM) in marine risers, and Health, Safety & Environmental (HSE) management in process industries. He was a visiting fellow under the Ministry of Italian University Research (MiUR) invitation to the University of Naples Federico II for two years. He has authored about 170 research papers in peer-reviewed international journals and refereed conferences organized by professional societies worldwide. He has authored eighteen textbooks, which various publishers of international repute. He is an active member of several professional bodies and societies, both in India and abroad. He has also conducted about twenty distance-education programs on various engineering subjects for the National Program on Technology-Enhanced Learning (NPTEL), Govt. of India.
- Prof. Gaurav Srivastav** is an invited speaker who is currently an Associate professor in Civil Engineering at the Indian Institute of Technology Gandhinagar. His main research interests lie in the area of structural fire engineering. Particularly, efficient analysis of structures under fire enables more comprehensive performance-based design procedures and assessment of building facade systems in fire conditions. He is also interested in developing analytical and algorithmic tools for solving structural dynamics and uncertainty quantification problems.
- Prof. Faisal Khan** is an invited speaker who is an incoming Professor and Director of the Mary O Connor Process Safety Centre at Texas A&M University, USA. Currently, he is a Professor and the Canada Research Chair (Tier I) of Offshore Safety and Risk Engineering. He is the founder of the Centre for Risk Integrity and Safety and Engineering (C-RISE). He is actively involved with global energy industries on the issue of safety, risk, and asset integrity. He is the recipient of many National and Regional awards, including the SPE award for his contribution to health, safety, and Risk Engineering. He has authored over 500 research articles in peer-reviewed journals and conferences on safety, risk, and reliability engineering. He has authored eight books on the subject area.
- Prof. Nasir Shafiq** is a full professor in Structural Engineering, Construction, and Materials in civil engineering, University Technology Petronas. He has 30 years of working experience as an academician, researcher, and structural design consultant. His expertise includes; Structural Reliability; High Performance and Geopolymer Concrete; Building Information Modelling, Sustainable and Low Carbon Living. He has authored more than 170 papers in the ISI and Scopus indexed journals and proceedings (Scopus ORCID: 0000-0002-9496-5430) and authored a book on "Green Sustainable Construction." In addition to the academic position, he was the director of sustainable resources mission-oriented research from July 2014 till November 2017. He has secured many research grants from various agencies in Malaysia and overseas, which makes a total sum equivalent to 2 million US\$. He has graduated 27 Ph.D. students and 22 MSc students by research. He has served as visiting Professor in ENSAM France, Najran University Saudi Arabia, and Pakistan. He is also the international coordinator for Q.S. ranking metrics for UTP, Malaysia.
- Prof. Ram K. Sharma** is an invited speaker and is presently Dean (Academics), University of Petroleum & Energy Studies has used technology to solve access, quality, and equity-related issues, and STEAM and experiential education across the higher educational organizations. Possessing expertise in setting up greenfield universities and transforming brownfield institutions, he played leadership roles across leading institutions such as Shiv Nadar

Title: Orientation Program on Knimbus/Mlibrary app.

Introduction to Event:

A 1-Day Orientation Program on "Knimbus/Mlibrary app" was conducted at Aditya Engineering College (A), Surampalem by the department of IQAC to make faculty learn the processes of Knimbus/Mlibrary app. In order to meet the current trends in, faculty need to equip with the basic knowledge of Knimbus/Mlibrary app. Keeping this in view, the IQAC Committee has organized this Orientation Program for the benefit of the faculty.

Event Dates: 22/03/2022

Number of Days: 1 day

Co-ordinator: Mr. Prasada Rao Chatla, Assoc. Professor, Department of CSE.

Agenda/Event Flow:

Day-1: Overview of Knimbus/Mlibrary app.

No. of Participants: 96

Experts with Designation: Dr.B.Vara Prasad, Professor Dept of Mechanical Engineering.

Venue: KL Rao Bhavan Seminar Hall

Hospitality/Accommodation: NO

Staffing:

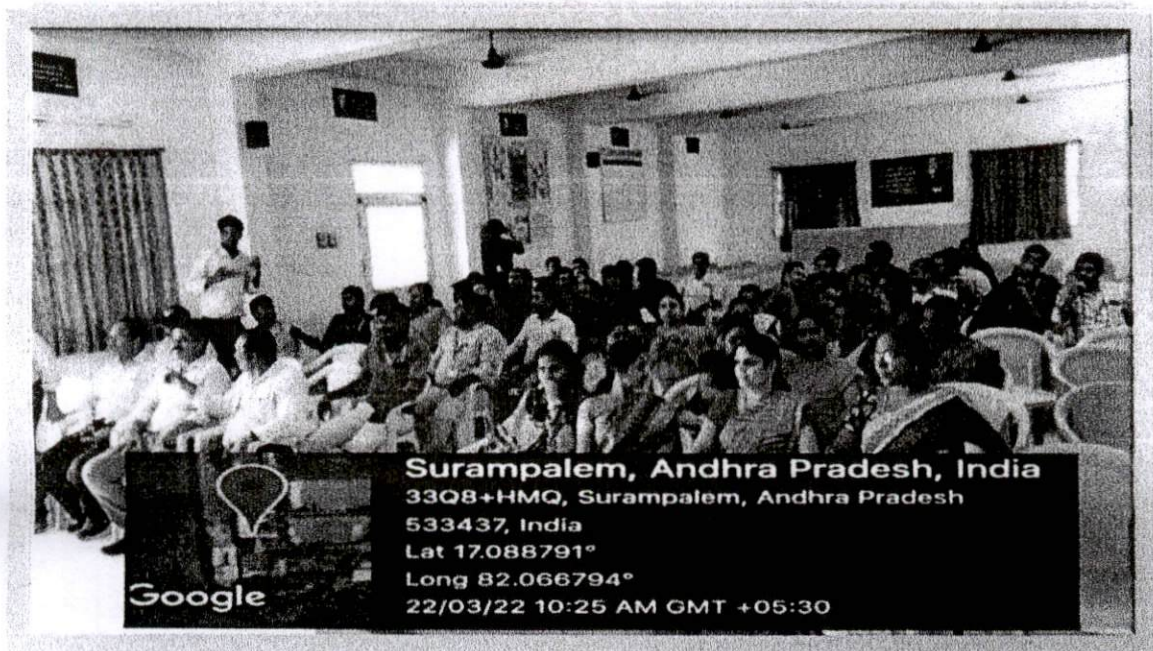

1. Dr. Sandip Kunar, Asst. Professor
2. Ms. Satya Sri Devi Baddireddy, Asst. Professor

Outcomes:

- Participants have become familiarized with the Knimbus/Mlibrary app.
- Participants applied the knowledge gained in the Knimbus/Mlibrary app.
