

## 2.12 IQAC

### 1. Purpose

To improve the quality initiatives in the institute for promoting quality culture

### 2. Scope

This SoP covers the identification and implementation of approved quality initiatives

### 3. Responsibilities

IQAC coordinator is responsible for collecting feedback on various quality initiatives and recommending necessary measures.

### 4. Procedure

At the beginning of every academic year, the IQAC reviews the teaching-learning process, research and development, student support and faculty development. Based on the performance in these areas, the IQAC recommends initiatives to improve the overall quality. IQAC monitors the implementation of quality initiatives periodically. IQAC participates actively in the preparatory activities related to accreditations and rankings.
