ADITYA LEO CLUB - 316B

## Save Soil

**Event Date:** 26<sup>th</sup> May 2022.

**Event Location:** Aanuru Village, Peddapuram mandal.

**Event Coordinators:** Mr. M. Venkat, President, Aditya Leo Club-316B,

Ms. S. Jahnavi, Secretary, Aditya Leo Club-316B.

**No of Students Participated:** 58

### About the Activity:

Saving the soil is very important for the future generations. Land is being polluted by the chemicals and pesticides. Soil will also lose its fertility due to type of crop adopted etc. To create awareness among the farmers, our students of Leo Club went to the nearby Aanuru village to discuss with the farmers regarding this type of land pollution. Some responded positively and explained the methods which they had used to cultivate the land to get better crops and our volunteers try to give an insight about the precautions to be taken to control soil pollution.

### Outcomes:

- Farmers got awareness about the soil pollution.
- Farmers have known about the precautions to be taken to control soil pollution.

## Save the Earth

**Event Date:** 05-06-2021

**Event Coordinator:** Mr. S G B Thilak Babu, Program Officer, YRCU

**No. Of Students Participated:** 43

### About the Event:

Tree planting is recognised as one of the most engaging, environment-friendly activities that people can participate to help the planet. Trees provide numerous long-term and short-term benefits. They help to control the eco balance in the atmosphere, improve air quality, and reduce the pollution. The YRCU of Aditya Engineering College (A), Surampalem called the students for planting a tree in their vicinity and post a photo in Instagram of YRCU on World Environment Day. Most of the students shown their interest and posted their photos.

### Outcomes:

- Students got to know the importance in terms of ecology and environment
- Students know their Contribution to the Community.
- Importance of eco balance.
