Discussion: The members expressed their dissatisfaction about the results of the MBA II Semester of 2018 batch, where the pass percentage is very low. The members suggested conducting advanced supplementary examinations for the benefit of students with the approval of the JNTUK Kakinada.

The members advised sharing the Teacher course feedback for the courses where the pass percentage is very less.

The members suggested presenting the publication details (impact factor) of PG students from the next Academic Council meeting.

The members suggested creating a question bank for practice, especially for historically difficult courses.

The members also suggested Flipping the classroom even before the course starts. The teachers shall ask the students to watch relevant videos on NPTEL/SWAYAM/Coursera/edX so that they are exposed to the content of the course beforehand and this would give them a deeper and meaningful engagement experience with the course once the classes start.
