DEPARTMENT OF
ELECTRONICS AND COMMUNICATION ENGINEERING

ADITYA ENGINEERING COLLEGE (A)

Approved by AICTE
New Delhi and Affiliated to JNTU Kakinada

ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering (ECE) was established with the inception of the college in the year 2001 with an intake of 60 students and now it has been expanded to an intake of 240 students. It offers a Master's program in VLSI Design with a current intake of 12 students. The department has dedicated faculty and well-equipped laboratories like Electronic Devices and Circuits lab, Microwave Engineering and Optical Communication Lab, Digital Signal Processing lab, Project lab, etc, to provide a platform for practical aspects of learning.

The Department of ECE has an IETE student forum, under which the department organizes professional activities including guest lectures, workshops, and seminars, technical festivals SPARK under the umbrella of VEDA to enrich the knowledge of students. For better placements, we have a strong technical team (Technical hub) to train our students in coding practices and problem-solving skills.

The department has signed MOUs with Electropo Pvt.Ltd, Edgate Technologies & Texas Instruments, and Tessolve Semiconductor Pvt. Ltd. We are happy to say that our college is having MoUs with Andhra Pradesh State Skill Development Centre (APSSDC), Applied Robot Control (ARC), AWS Educate, Ui Path, CISCO, Salesforce, Oracle Academy, etc. We are very happy to say that most of our students have been trained and certified in various new technologies and trends which are necessary for the current industries from the first year onwards. We are glad to share this message of our students have been placed with the highest package of 12 lakhs.

VISION OF THE DEPARTMENT

To become a center of excellence in the field of Electronics and Communication Engineering with technological capability, professional commitment and social responsibility.

MISSION OF THE DEPARTMEN

M1: Provide quality education, well-equipped laboratory facilities and industry collaboration.

M2: Promote cutting edge technologies to serve the needs of the society and industry through innovative research

M3: Inculcate professional ethics and personality development skills

PROGRAM EDUCATIONAL OBJECTIVES (PEO)

The graduates of the Program will

PEO1: Adapt the learning culture needed for a successful professional career and pursue research.

PEO2: Build modern electronic systems by considering technical, environmental and social contexts.

PHD AWARDED

- Dr.K.Ayypaswamy, Sr. Asst. professor Dept of ECE has been Awarded Doctor of Philosophy entitled “Design and Real-time Implementation of Parallel Structure Based Reconfigurable Filter bank and DCT Based Hearing Aid Algorithms” from VIT Vellore in the specialization of Signal Processing.

Hearty Congratulations

DR. K. AYYAPPA SWAMY
Sr. Asst. Professor,
Dept of Electronics and Communication Engineering.

For being awarded Ph.D. by
VELLORE INSTITUTE OF TECHNOLOGY, VELLORE.

Innovation Project

- An Innovative project on **FIRE DETECTION USING WITH FLAME SENSOR** done by the Students to detect fire detection system which is intended to facilitate the evacuation of them at the earliest possible time. And also to put out the fire immediately so that loss of property can be prevented and downtime mitigated through early detection for operations.

III ECE-B

The main objective of this project is designed to generate alerts and warnings before smoke becomes even a consideration. The room temperature changes then the heat sensors react. As soon as the room temperature rises above 60 Celsius, a notification signal will be transmitted from the heat detector to an alarm panel and will trigger an alarm that alerts the residents. The fire detection system is intended to warn them and to facilitate the evacuation of them at the earliest possible time. And also to put out the fire immediately so that loss of property can be prevented and downtime mitigated through early detection for operations.

Acheivers Day Celebration

- Total of 287 Students got Selected in various Companies on Behalf of this Management and Staff Invited Parents and Students of Selected Acheivers and Celebrated Achievers day.
