### Report

#### 1. Report in brief by Coordinator:

ADITYA COLLEGE OF ENGINEERING & TECHNOLOGY, SURAMPALEM, NSS conducted Prevention and Awareness on Breast Cancer Disease by GSL CANCER TRUST HOSPITAL, Rajahmundry by Dr. Praveen Kumar & Dr. G Tarun addressed the goal of breast cancer awareness campaigns is to raise the public's brand awareness for breast cancer, its detection, its treatment, and the need for a reliable, permanent cure. Increased awareness has increased the number of women receiving mammograms, the number of breast cancers detected, and the number of women receiving breast biopsies. Overall, as a result of awareness, breast cancers are being detected at an earlier, more treatable stage. Awareness efforts have successfully utilized marketing approaches to reduce the stigma associated with the disease. At the end of this awareness program the interaction sessions also conducted mainly between girl students and doctors.

## Photos

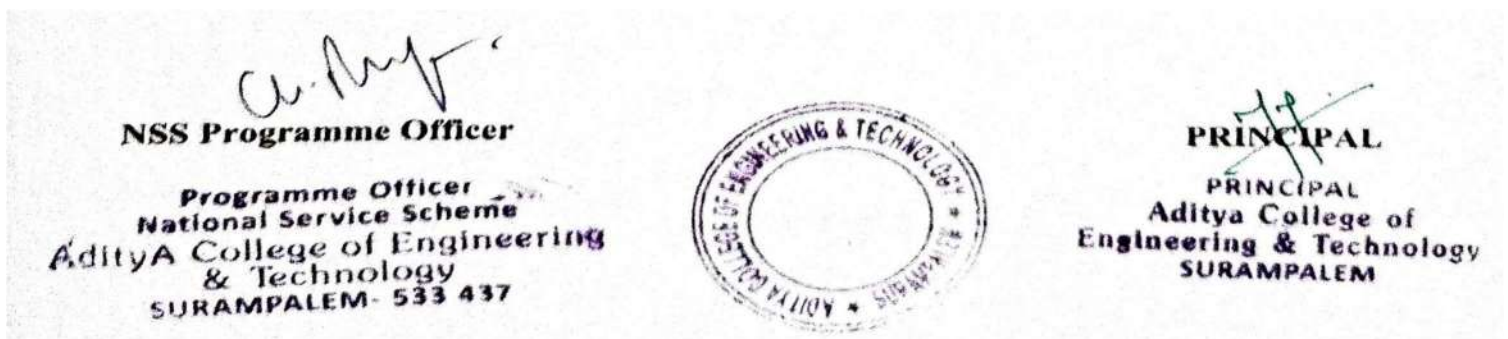

### 3. Feedback from students:

- a) 20P31A0113: Good to have this program for students to get health awareness programs.

### 4. Remarks from Resource Person:

Students should involve more in these awareness program trainings.

### Report

#### 1. Report in brief by Coordinator:

ADITYA COLLEGE OF ENGINEERING & TECHNOLOGY, SURAMPALEM, NSS volunteered and donated blood organised by SRI KIRAN INSTITUTE OF OPHTHALMOLOGY. Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it. At the end of the camp donor got the certificate of appreciation.

## 2. Photos:

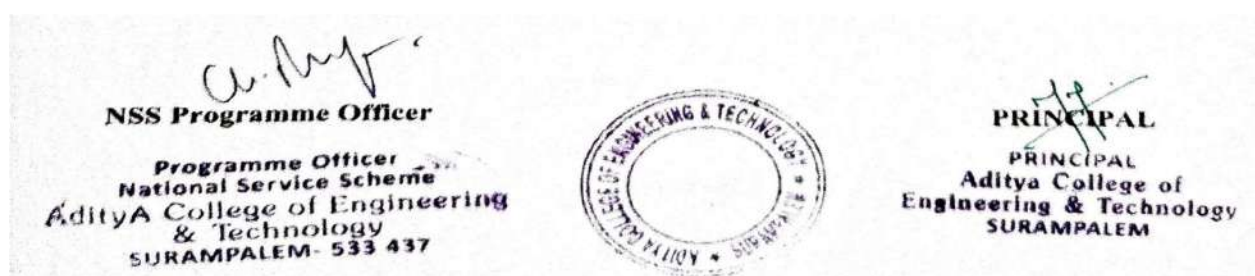

## 3. Feedback from students:

21P31A0109: Very happy to be participating these blood camp activities.

## 4. Remarks from Resource Person:

I would like to participate in more number of blood donation camps in future.

### Report

#### 1. Report in brief by Coordinator:

On January 25, 2024, ACET NSS organized a National Voters Day event, showcasing a strong commitment to promoting democratic values and active civic participation. The event featured the participation of 230 volunteers who played key roles in organizing and executing various activities. The activities conducted during the event likely included voter awareness campaigns, interactive sessions, and educational programs to inform participants about the significance of voting, electoral processes, and the impact of civic engagement. Volunteers may have engaged with the audience, distributing informative materials and addressing queries to enhance voter literacy. PM speech is live telecasted and BJP Jaggampeta convener and state executive members are participated and delivered the lecture on importance of vote.

### Report

#### 1. Report in brief by Coordinator:

The 78<sup>th</sup> Republic Day was celebrated with all its solemnity and grandeur at JNTUK on 26th Jan 2024. The program was commenced sharp at 9:00 am. The ceremony started with the NCC Cadets march past. The Hon'ble Vice-Chancellor, JNTUK, Kakinada, Dr. G.V.R. PRASADA RAJU took the salute and unfurled the National Flag of India. After flag hoisting the Vice- Chancellor gave a speech on the current scenario of India and how we can reduce the unrest by being a responsible citizen. Different types of patriotic arts were performed to enhance the patriotism. In that Patriotic song was performed by Volunteer of NSS with that self-written poem was also performed which showed bright journey of our country from 75 year. Vice- Chancellor felicitated warrior families. Snacks distribution done to all NSS volunteers and participants. Along with ACET NSS Unit 10 other units also joined in this Republic Day celebrations.

## 2. Photos:

### 3. Feedback from students:

- a) 22P31A4282- Speech is outstanding and very inspiring to students and highlighting importance of Republic day.
- b) 21P31A0108-We enjoyed this session. We like to participate in more number of NSS events.

### 4. Remarks from Resource Person:

### Report

#### 1. Report in brief by Coordinator:

Aditya College of engineering and Technology – National Service scheme (NSS) unit -90214409 in association with Government General Hospital Kakinada Blood Bank organized a blood donation in college seminar hall. Blood donation is one of the most significant contributions that a person can make towards the society. Blood donation camp started at 10:00am by inauguration initiated by Dr Nallamilli Sessa Reddy, Chairman of Aditya Educational Institutions. There were 90 units of blood collected. The students of different branches of Aditya College of Engineering and Technology generously donated blood and also participated in event enthusiastically. Donors were given refreshments. The donors were provided with glucose water and food expected to be in the venue. This stretched the capacity of the blood bank, as a result of which the contact details of the donors were taken so as to allow them to donate at the earliest to the blood bank. The samples were carefully sealed transported away, while the volunteers helped in the cleaning-up of the area. Throughout the morning, there were smiles and laughter all around – a true embodiment of what we believe in selfless service with a smile. The donors received certificate of recognition. Camp ended by 3:30pm.

### Report

#### 1. Report in brief by Coordinator:

ADITYA COLLEGE OF ENGINEERING & TECHNOLOGY, SURAMPALEM, NSS conducted Prevention and Awareness on Cancer Disease by MEDICOVER HOSPITALS, Kakinada by Dr. Pradeep Bhaskar (MBBS) DNB Consultant Radiation Oncologist addressed the goal of cancer awareness campaigns is to raise the public's brand awareness for different types of cancer, its detection, its treatment, and the need for a reliable, permanent cure. Increased awareness has increased the number of women receiving mammograms, the number of breast cancers detected, and the number of women receiving breast biopsies. Overall, as a result of awareness, cancers are being detected at an earlier, more treatable stage. Awareness efforts have successfully utilized marketing approaches to reduce the stigma associated with the disease. At the end of this awareness program the interaction sessions also conducted mainly between girl students and doctors.

### Report

#### Description of the Event :

ADITYA COLLEGE OF ENGINEERING & TECHNOLOGY, SURAMPALEM, NSS organized a ONE DAY MEAL to old people, ASHRAMASRAVANA OLD AGE HOME, KAKINADA. The main theme of this event is So many families die every day of starvation while we waste our food. Everyone needs food, otherwise how are we meant to survive? If we don't have food to keep us moving and staying healthy it's not possible to work and make a living for ourselves and our families. Everyone should have the right to live a healthy life especially when there are tonnes of food being wasted every year. Thousands of people are dying because of hunger. People become less productive and able to work without food, we need to help them out. No one deserves to go through the pain of starvation, that's why we should all provide food for the poor. Student volunteers are very actively participated and distribute the food & fruits around 50 persons at the end and they happily serve the old blind people. We will aim to do these kinds of activities more in coming days.

### Report

#### REPORT:

Aditya College of engineering and Technology – National Service scheme (NSS) unit -90214409 in association with Rotary Blood Bank Kakinada organized a blood donation in college seminar hall on the birthday event of Dr.N.Satish Reddy, Vice - Chairman & Pro - Chancellor of Aditya University . Blood donation is one of the most significant contributions that a person can make towards the society. Blood donation camp started at 10:00am by inauguration initiated by Dr Dola Sanjay S, Principal of Aditya College of Engineering & Technology. There were 83 units of blood collected. The students of different branches of Aditya College of Engineering and Technology generously donated blood and also participated in event enthusiastically. Donors were given refreshments. The donors were provided with glucose water and food expected to be in the venue. This stretched the capacity of the blood bank, as a result of which the contact details of the donors were taken so as to allow them to donate at the earliest to the blood bank. The samples were carefully sealed transported away, while the volunteers helped in the cleaning-up of the area. Throughout the morning, there were smiles and laughter all around – a true embodiment of what we believe in selfless service with a smile. The donors received certificate of recognition. Camp ended by 3:30pm.
