Report

1. Report in brief by Organizer / Coordinator / Convener:

Students who have long term life and career goals see college as one step towards achieving their goals. This can set a purpose and a direction for students. It can increase students' day-to-day and semester-to-semester motivation because they see that each course is part of a greater whole that will help them in the future. This can also help with persistence, with keeping at it when things are tough. So this type of sessions creates fire among all to convert their dreams into reality. The transformation never happens with force, it can happen only with true motivation. Present generation is very much interested in earning abundant wealth. They will realize that how "Power of Knowledge will become foundation to create wealth & respect in their life and they will come to know the secret of leading a happy & dignified life.

3. Feedback from students:

Students are very much satisfied by the Motivation program as it playing vital part in learning and assessment. This Academic Success program provided free, interactive, small-group presentations for students of any level or discipline who want to develop their academic success skills. Studies on motivation and self-esteem are significant as they help students to understand self-regulation where they often fail.

4. Remarks from Resource Person:

Response from the management, staff and students was highly satisfactory and looking forward to conduct more sessions in future.
