Report

Report in brief by Organizer / Coordinator / Convener:

Students with long-term goals view college as a crucial step towards achieving their dreams. This mindset gives them a clear sense of purpose and direction, making them more motivated in their daily and semester-to-semester studies. They understand that each course plays a part in reaching their ultimate goals, which helps them stay committed even during tough times. So, These sessions ignite a sense of ambition within individuals, inspiring them to turn their aspirations into tangible achievements. True transformation, as understood, cannot be compelled; it requires genuine motivation. In today's era, there is considerable interest among the younger generation in attaining substantial wealth. However, through such sessions, they will recognize the pivotal role of knowledge in laying the groundwork for both prosperity and esteem. Consequently, they will uncover the key to leading a fulfilling and dignified life.

Overall Feedback from Students

Students express high levels of satisfaction with the Motivation program, recognizing its integral role in the learning and assessment process. The Academic Success program offers complimentary, interactive, small-group sessions tailored for students across all levels and fields of study, aiming to enhance their academic skills. Research on motivation and self-esteem holds considerable importance as it aids students in comprehending self-regulation, an area where they frequently encounter challenges.

Remarks from Resource Person

Dr. Jaganath Rao was satisfied with the well-organized event and interaction from the R&D department. He was also enthusiastic about the student's interest in their career and looking forward to conduct more sessions in future.
