Report on Awareness program on “Cancer Awareness in Women”

Date: 06-11-2021

Venue: Seminar Hall, Visveswaraya Bhavan.

Year of students: II, III, IV-year ECE, CSE and EEE students

No of students enrolled: 100

Speaker of the Event: Dr.Y.C. Deepak, MD, GSL Hospitals, Rajahmundry.

Internal Complaint Committee conducted an awareness program on “Cancer Awareness in Women” for II, III, IV-year students. In this event 100 students participated and honorable chief guest **Dr.Y.C. Deepak** discussed about how cancer cases are increasing from 2012 to 2020 in India. He also explained student’s main causes and risk factors of breast cancer in women, stigma faced by cancer patients in society, how it can be diagnosed by self-screening, what are the various levels of diagnosis and main symptoms in patients. He advised students to take vaccinations for cervical cancer which can be given in different doses. He also suggested all girl students to be clinically examined at least once in a year by doctors and also suggested to exercise regularly and maintain healthy lifestyle. All students have participated very actively and interacted with guest.

Students participated in SEMINAR on “**Cancer Awareness in Women**” on the occasion of National Cancer Awareness Week at Visveswaraya Bhavan.
