### Profile of the Speaker

Centella AI Therapeutics has developed an advanced AI platform driven by Protein Language Model (PLM), Chemical Language Model (CLM) for molecular generation, integrating essential drug discovery tools such as ADME, Retrosynthesis, Generative AI, and Virtual Screening.

V-REAP is a social enterprise building Rural Entrepreneurs. V-REAP is Volunteers for Rural Entrepreneurs Advancement Program. V-REAP enables and assists rural unemployed youth in establishing business services in their villages. We believe Rural Entrepreneurship is one of the best solutions for removal of rural poverty in India. Entrepreneurship demands an enabling environment to flourish. It is understood that Rural Entrepreneurship cannot be developed without significant training and hand holding. Therefore, for entrepreneurship development, an intensive training is provided by V-REAP to the youth in villages at their place.

### Report

The session provides inputs on the entrepreneurship and innovation as a career through entrepreneurship development, and to tell the students, the importance of innovation and idea generation, to develop them on out of the box thinking, to develop problem solving skills of students.
