## ENTREPRENEURSHIP DEVELOPMENT CELL STANDARD OPERATING PROCEDURE FOR AY 2022-23

The Entrepreneurship Development Cell in Aditya College of Engineering is initiated to promote Entrepreneurship Culture among the students by organizing entrepreneurship awareness programmes, guest lectures by successful entrepreneurs, “face to face” student to entrepreneurs programme, awareness camps, startup programmes.

### Objective:

The objective of promoting entrepreneurship among the youth is to nurture a passion for self-employment. The primary objective of the EDC is to organize Entrepreneurship awareness programmes for students in order to bring awareness about Entrepreneurship. The EDC in college conducts a number of Skill development training programmes that can lead to self/wage employment. It takes initiatives to conduct research work and surveys for identifying entrepreneurial opportunities. It encourages innovative student projects for innovative product development. It organizes E-Weekend Programmes to stimulate the students to come up with new ideas that can grow up to startups. It arranges guest lectures by successful entrepreneurs and provides a platform for interaction between professional entrepreneurs and student entrepreneurs. It arranges visits to industries for prospective entrepreneurs.

### Scope:

The Scope of the EDC is to generate awareness in students by organizing entrepreneurship awareness programmes. Boot camps, industrial visits, and panel discussions. The main aim of the EDC is to develop entrepreneurship capability in students by organizing workshops on business communications (Email Writing, CV Making, applying for a job), Presentation skills (How to present), Idea Generation for

Startups, and Technological developments. The EDC in college invites eminent resource persons like personality development trainers to develop the attitude of the students with their motivational and expert talk.

### Activities

#### 1) Procedure for events

- Obtain nominations from student volunteers' selection
- Selection of student's volunteers and shortlist
- Circulate event registration forms to the students
- Arrangement of Venue, Transportation and Hospitality to organize an event
- Obtain feedback from participants.
- Submission of expenditure statement and activity report for event

#### 2) Procedure for startups

- Send an invitation to students to submit ideas for startups
- Brain storming with Expert Committee
- Evaluate the best ideas
- Selection of best ideas
- Development of ideas into product or services
- Registering the company in startup India

Frequency of Meetings: Two meetings will be conducted in a year or as and when required.

Aim of Event : To Ideate, Learn, Collaborate, Solve for our  
Society  
No. of Participants : 45

### Event Report

An event called "Solvathon (Engineers with Answers)" was held on October 15, 2022, organized by the Entrepreneurship Development Cell (EDC). The event aimed to foster innovative ideas for addressing societal challenges. Dr. A. Ramesh, the Principal of Aditya College of Engineering, graced the occasion as the Chief Guest. In his address, he extended his support for entrepreneurial and startup initiatives within the college.

The primary objectives of the event were fourfold: 1) To Ideate, 2) To Learn, 3) To Collaborate, and 4) To Collaborate further.

During the event, students showcased their startup ideas and presented prototypes of proposed solutions to address identified problems. This event provided a platform for creative thinking and collaboration among aspiring entrepreneurs.

Numbers of Start-Up ideas presented: 15

Aim of Event	: To have awareness of successful Entrepreneur from his experience
No. of Participants	: 120

### Event Report

On November 21, 2022, an event titled "Engineered in India - Book Tour (Fireside Chat)" was conducted for the SAC-Entrepreneurs Club Members. The distinguished chief guest for this event was Dr. B.V.R. Mohan Reddy, Founder & Chairman of CYIENT. Dr. Mohan Reddy shared valuable insights and experiences from his entrepreneurial journey during his speech.

The primary objective of the event was to gain a deeper understanding of the goals and challenges faced by entrepreneurs, as drawn from Dr. Mohan Reddy's personal experiences.

During the event, students had the opportunity to pose numerous questions, referencing Dr. B.V.R. Mohan Reddy's autobiography, "Engineered in India." The book offers a glimpse into Dr. Mohan Reddy's remarkable journey from aspiring dreams to the establishment of the billion-dollar company, Cyient.

### RESOURCE PERSON PROFILE

Dr.B.V.R. Mohan Reddy

Founder & Chairman-CYIENT

B. V. R. Mohan Reddy (born 1950) is an Indian business executive and engineering manager who founded and served as Executive Chairman of Cyient. He joined the DCM Group in 1974, and has subsequently worked with MICO Bosch, HCL, and OMC Computers Limited. He was the Chairman of NASSCOM from 2014–2015, and is a prolific business analyst.

BVR Mohan Reddy was born on 12 October 1950 in Mahbubnagar, Mahbubnagar District, Telangana . Mohan holds a graduate degree in Mechanical engineering from the College of Engineering, Kakinada, India, and postgraduate degrees from the Indian Institute of Technology, Kanpur and the University of Michigan. He has also received an honorary Ph.D. from the Jawaharlal Nehru Technological University, Hyderabad; an honorary D.Sc. from the Andhra University, Vishakhapatnam; and Doctor of Science Honoris Causa from KL University (Koneru Lakshmaiah Education Foundation), Vaddeswaram

Mohan started his career with the DCM group (Shiram Refrigeration), where he contributed to the assembly line operations in Diesel Engine production. After leaving the DCM group, he worked with MICO Bosch and then HCL , before joining OMC computers as Managing Director. Mohan founded Cyient as Infotech Enterprises in 1991, and he currently serves as the executive chairman of the company.

## ENTREPRENEUR DEVELOPMENT CELL

An Event "Ask me anything" (an Interactive session)

### RESOURCE PERSON PROFILE

Ramaji Reddy is a visionary entrepreneur dedicated to making a positive impact on the environment through his innovative startup in the field of biodegradable materials. With a passion for sustainability and a keen sense of environmental responsibility, Ramaji has emerged as a prominent leader in the green technology sector. He holds a Bachelor's degree in Materials Science and Engineering from a renowned institution, where he honed his skills and knowledge in materials science, environmental chemistry, and polymer technology. His academic journey laid the foundation for his commitment to creating eco-friendly solutions. After completing his education, Ramaji embarked on a career in research and development with a focus on sustainable materials. He worked with leading companies in the materials industry, gaining valuable experience in developing biodegradable polymers and products. Driven by a deep desire to address the growing environmental concerns associated with single-use plastics and non-biodegradable materials, Ramaji founded his own startup dedicated to the development and commercialization of cutting-edge biodegradable materials. Under his leadership, the company has become a trailblazer in the field of sustainable technology, producing innovative alternatives to traditional plastics that significantly reduce the environmental footprint.
