(Approved by AICTE & Affiliated to JNTUK, Kakinada)
Aditya Nagar, ADB Road, Surampalem – 533437

Department of Computer Science & Engineering

Title of the Workshop/Seminar   : A SEMINAR ON

"INTELLECTUAL PROPERTY RIGHTS"

Resource Persons   : 1) Lr. A RAGHU RAM,

ADVOCATE IN RAJAHMUNDRY DISTRICT COURT

Date(s) of Seminar   : 26-03-2016
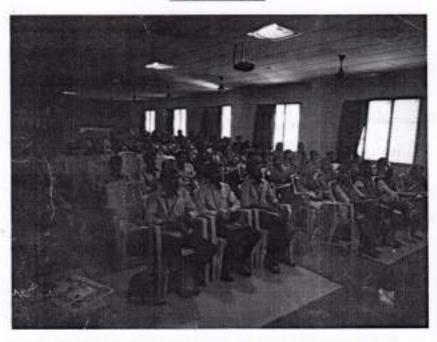

Aim of Workshop   :

Over the past several decades, gender studies has influenced numerous areas of law, including criminal law, family law, human rights, employment law, tax, and business law. Only recently has research begun to investigate how gender insights that have helped shape modern legal doctrine in other areas can be applied to intellectual property

Intellectual property refers to the protection of creation of mind which has both a moral and a commercial value. Intellectual Property Rights are the rights given to the persons over the creation of their mind: usually give the creator an exclusive right over the use of his/her creations for a certain period of time. The effective and enforceable system for protection of IPR promotes the innovation in science by promoting strong incentives to authors and innovators to create intellectual assets.

The seminar aimed to create first level IPR awareness among the teachers, student teachers and young intellectuals about the beneficial aspects of patenting their creative and novel ideas, inventions etc... Such awareness would in turn be highly essential for the promotion of creativity, research and technical advancements as well as application into market. How to apply for a patent and also gave information on many websites both national and international related to patents and also about the cost of applying for a patent
